ABOUT MILLCREEK GARDENS

Millcreek Gardens was established in 1978, and we grow quality container-grown Perennials, Herbs, Annuals, Ornamental Grasses, Shrubs, Ferns, Vines, and Succulents. Our nursery is family owned, and we have been growing finished retail-ready plants on a wholesale basis for 43 years. We provide our products to Independent Retail Garden Centers, Landscape Professionals, Farm Markets, Municipalities, etc. in Ohio and the surrounding states.

We are considered a 'traditional' perennial grower, as most of our perennial crop is grown outdoors in the summer months and overwintered inside minimum heat greenhouses. This method of growing produces perennials that are vernalized with well-established crowns and root systems. Our remaining crops are grown in heated greenhouses in spring.

We are committed to being your quality source for Perennials, Herbs, and other garden plants at a price that represents good value for you and your customers. We strive to strengthen our partnership with you by offering the best plants, information, and the outstanding customer service you deserve. Be sure to visit our website at www.millcreekplants.com.

Our Passion: Growing High Quality Plants, People, and Relationships

Introducing our 2-Year Catalog!

The goal for our Millcreek Gardens catalog is to serve as a valuable source of plant information for you and your customers.

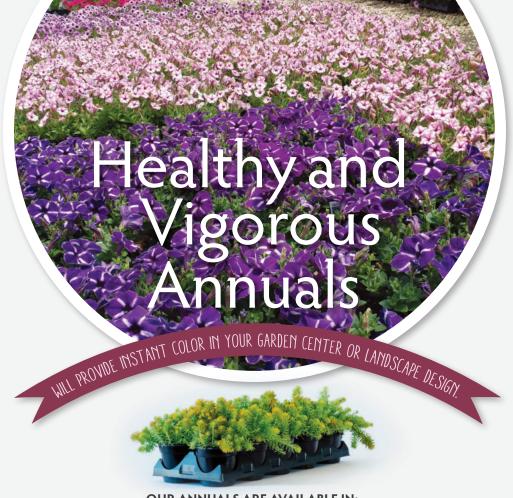

Beginning in 2021, we will offer the printed version of our wholesale catalog every other year.

- Please refer to our Digital Order Form as well as our Weekly Availability for product size and price information.
- In addition to our regular Spring Supplement, we will be releasing additional digital Supplements as needed.

We have revised our catalog format and no longer list product sizes or prices within the catalog.

As always, our experienced team will be able to help you with any of your plant needs or questions.

WE LOOK FORWARD TO WORKING WITH YOU!

OUR ANNUALS ARE AVAILABLE IN:

\$ 3.5" POTS - 12/FLAT ♣ 4.5" POTS - 10/FLAT ⇔ 6" POTS - 6/FLAT

We also have:

Annual Combo Decorative Planter

- · Ready-to-sell decorative containers with an assortment of color and plant combinations
- 12" round container

Proven Winners® Annual Combo

- These pots are intended for easy transplant into a larger container to create a full look in a short time
- Grown in a Proven Winners® PRO #1 container

Pansy Combo Decorative Planter

- · Various pansy color combinations

Annuals may also be ordered at any time from our Availability List for immediate shipment.

PLEASE ORDER BY NUMBER OF POTS IN FULL FLATS

CHECK OUT OUR 12" HANGING BASKETS!

See page 41 in our Decorative Planter

section for details.

AGERATUM FLOSSFLOWER

Blooms from late spring through the first hard frost. Plants grow best in full sun. Great for containers or in the landscape. Deer Resistant.

Artist® Series - Features strong performing plants that are very uniform and produce small green mounds topped by fuzzy, button-like flower heads. Deadheading is not necessary for plants in the Artist series.

Artist® Blue PP15289 ○ ▼ ★ ★ ▼ ■ (featured image) Small and fluffy blue flowers.
8-12" TALL X 6-10" WIDE | ANNUAL

Bumble™ Series - The Bumble™ Series brings strong performing plants to the landscape that have a more uniform and compact growth habit. New blooms hide spent blooms so no deadheading is necessary. Heat tolerant plants thrive in full sun and average soil.

Bumble™ Silver ○ 😾 😿 💥 👗

Cushions of purple flowers bloom continuously from spring through fall. 8-12" TALL X 12-14" WIDE | ANNUAL

Bumble™ White O ¥ ¥ ¼ ¥ ■

Cushions of pure white flowers bloom continuously from spring through fall. 8-12" TALL X 12-14" WIDE | ANNUAL

ARGYRANTHEMUM MARGUERITE DAISY

An old favorite with daisy-like flowers. Solid performers give containers or beds a classic, timeless look. Plants benefit from occasional trimming and fertilizer for optimum season long performance.

Contains: Hilary's Sweet Lemon Mint, Peppermint & Spearmint.

12" OVAL POT | ANNUAL

Herbs are grown for the unique scents and flavors in their leaves, flowers, and seeds. They are commonly used for culinary purposes as they add flavor and enhance the flavor of foods. They are also ornamental in the landscape and some are used for aromatherapy purposes. Herbs grow best in a sunny location with well-drained soil, unless otherwise mentioned. Frequent trimming keeps plants attractive and encourages new growth, which is most desirable for culinary uses.

Herbs are available in:

- 3" container, 16/flat available in spring and summer.
- 1-Quart container, 12/flat available in spring and summer.

Each pot is shipped with a custom picture label.

Our herb crops will be ready to ship starting early April.

* * PLEASE ORDER BY NUMBER OF POTS IN FULL FLATS * *

Orders that require breaking a full flat will be subject to a special handling charge of \$.50 per pot during March, April and May.

ANISE HYSSOP

Culinary O O * * * * * * * * * * Agastache foeniculum

Very aromatic foliage has a sweet licorice-mint flavor. Leaves and flowers can be used fresh or dried in salads, teas, and garnishes. Attracts bees and hummingbirds; a 'must-have' for butterflies. Order from Availability only - No Advanced Orders.

3-5' TALL X 12-24" WIDE | ZONE 4

BASIL

A culinary staple used extensively in Italian dishes, including pesto. The flowers attract bees and hummingbirds.

Aroma 2 | Culinary 🔘 🤻 🚠 † Ocimum basilicum var. 'Aroma 2'

Calendula, Calexis Orange | Culinary O X | Calendula officinalis 'Calexis Orange'

Add glamour with this new, double cactus shaped flower with vivid orange colors! The petals are edible, and the flowers are wonderful in borders and containers while attracting beneficial pollinators. This dwarf Calendula is a 2019 Fleuroselect Gold Medal Winner!

12" TALL X 12" WIDE | ANNUAL

CARAWAY

Culinary O 😾 💥 🚹 🕆

Carum carvi

Seeds have an anise-like flavor and are wonderful in breads. Fine foliage has the popular "rye" flavor and can be used raw, dried, or cooked.

24" TALL X 12" WIDE | ANNUAL

CAT GRASS, VARIEGATED

Culinary O

Hordeum vulgare 'Variegata'

Bright green and white foliage is an edible treat for both felines and humans, and can be kept either indoors or out. Provides vitamins and fiber for cats, and keeps them from chewing on house plants. Used like wheatgrass, it can be juiced or dried into powder, and will regrow when cut back for additional harvesting.

24" TALL X 6-8" WIDE | ANNUAL

CATNIP

Catnip | Culinary O 🗑 🔏 🖥 | (featured image) Nepeta cataria

A favorite of felines and also great for herbal tea. Tolerates moist areas and is a short-lived perennial. Pollinator-friendly in the garden, especially butterflies!

18-36" TALL X 24" WIDE | ZONE 4

Catnip, Lemon | Culinary ○ 🦮 🕌 † N. cataria ssp. citriodora

Catnip with a twist! A great companion plant to any annual, herb, or perennial as it is a natural insect repellent. Wonderful lemon fragrance and is feline friendly. White flowers appear in summer. Grows best in well-drained soil.

3-4' TALL X 24" WIDE | ZONE 3

CHAMOMILE

German | Culinary ○ ■ 1 (featured image) Matricaria recutita

White daisy-like flowers appear in midsummer and are a popular ingredient for tea. Especially attractive to bees.

Order from Availability only - No Advanced Orders.

12-24" TALL X 12-24" WIDE | ANNUAL

Traditional, fragrant groundcover with white daisy-like flowers. Commonly used in the landscape in gardens and pathways, but the flowers can also be used for tea. Especially attractive to bees. Order from Availability only - No Advanced Orders.

Anthriscus cerefolium 'Crispum'

Lush green leaves often used as a garnish and subtle flavor enhancer. Similar to parsley.

24" TALL X 12" WIDE | ANNUAL

CHIVES

Allium | Culinary O ★ ■ (featured image) Allium schoenoprasum

Leaves are commonly diced and added to many culinary dishes providing a mild onion flavor. Lavender flowers are edible. A must-have herb for the butterfly garden.

12-16" TALL X 12-18" WIDE | ZONE 3

Garlic | Culinary ○ 💥 👗 † A. tuberosum

Leaves have a wonderful garlic onion flavor that adds depth to culinary dishes. White flowers are edible. A must-have herb for the butterfly garden.

9-18" TALL X 12-24" WIDE | ZONE 3

CILANTRO / CORIANDER

Santo | Culinary ○ Coriandrum sat. 'Santo'

Extra slow-bolting variety grown more for its large, flavorful green leaves rather than seeds. A classic culinary ingredient for salsa, salads, rice, beans, poultry, fish, and guacamole. Crushed seeds add a spicy lemon tang to recipes.

24" TALL X 12" WIDE | ANNUAL

Slow Bolting | Culinary O ■ (featured image) Coriandrum sat. 'Slow Bolting'

Special slow-bolting strain prized for a longer harvest of the fresh, flavorful green leaves. A classic culinary ingredient for salsa, salads, rice, beans, poultry, fish and guacamole. Crushed seeds add a spicy lemon tang to recipes.

24" TALL X 12-18" WIDE | ANNUAL

Vietnamese (Vietnamese Coriander) | Culinary O

Persicaria odorata

Vietnamese cilantro is native to Southeastern Asia. It can be used to flavor soups, duck, eggs, poultry, fish, and many other dishes. The red stems contrast well with the spotted, green foliage. Keep soil moist.

8-12" TALL X 8-12" WIDE | ANNUAL

CURRY

Landscape ○ ¥ ₩ ¼ ♣ † Helichrysum italicum

This evergreen sub-shrub has curry-scented, dense, silver-gray, linear foliage and sunny yellow flowers. Not the same plant used for curry powder, however, young leaves are often used to flavor meats, salads, or mayo. Flowers attract beneficial insects and are useful in dried arrangements. Drought tolerant.

12-24" TALL X 36" WIDE | ZONE 7

CUTTING CELERY

Culinary ○ **1** Apium graveolens

The aromatic green leaves of this plant are similar in appearance to flat-leaf parsley but have a slight curl. They provide a bold celery flavor in seasonings, soups, and stews.

12-24" TALL X 12" WIDE | ANNUAL

DILL

Fern Leaf | Culinary O X 1 (featured image)

Anethum graveolens var.

Fine-textured, green foliage is a common culinary ingredient in dips, soups, salads, vinegars, and fish

recipes. Adds a fine texture to the garden or patio planter. Slower to set seed than other cultivars. Flowers attract beneficial insects, especially butterflies.

18-24" TALL X 15" WIDE | ANNUAL

Super Dukat | Culinary ○ Anethum grav. var.

Fine green leaves have an excellent dill flavor for seasoning dips, soups, salads, vinegars, and fish recipes. A straight and clean-growing plant with flower heads at uniform height that makes harvesting easier. Flowers a week later than other varieties of dill, and attracts beneficial insects.

12-24" TALL X 16-24" WIDE | ANNUAL

EPAZOTE

Culinary 🔘 🌃 †

Chenopodium ambrosioides

Epazote has a slightly tangy flavor, reminiscent of oregano. It is common to Mexican cooking and bean dishes, used both for flavor and for its ability to reduce associated flatulence.

24-36" TALL X 36" WIDE | ANNUAL

EUCALYPTUS, SILVER DOLLAR

Landscape ○ ■ Eucalyptus cinerea 'Silver Dollar'

Rounded, silver-blue leaves on long stems are excellent fresh cut, or for dried arrangements. Plants are fast growing and can form large trees in their native environment, however, in our climate

they are grown as an annual and reach 24-36" in the ground or container. 24-36" TALL X 12-36" WIDE | ANNUAL

FENNEL

Bronze | Culinary O ¥ ¥ ▮ (featured image)
Foeniculum vulgare dulce 'Rubrum'

3-4' TALL X 24-36" WIDE | ANNUAL

Mexican Bush | Landscape ○ 😙 💥 👗 🚓 Salvia leucantha

Long, narrow leaves are an attractive gray-green. Showy purple calyces appear above the foliage of this shrubby plant in September and October. Great for attracting butterflies and hummingbirds as well as a cut or dried flower.

3-4' TALL X 24-36" WIDE | ANNUAL

Nazareth | Culinary ○ Salvia o. 'Nazareth'

This aromatic evergreen perennial shrub boasts a compact growth habit. The elongated silvery-white leaves provide a backdrop for the small pale purple flowers that bloom in summer. Highly ornamental!

12" TALL X 16-24" WIDE | ZONE 5

Pineapple | Landscape ○ ★ ★ 📑 † Salvia elegans

Commonly used as an ornamental in the landscape. Green foliage has a pleasant pineapple scent when crushed and can be used in tea and potpourri. The foliage is complemented by bright red flowers that bloom in September and October, and are lovely for attracting butterflies and hummingbirds. The flowers can also be used in salads. 3-4' TALL X 24-36" WIDE | ANNUAL

Purple | Landscape ○ ▼ ₩ ¼ ■ † Salvia o. 'Purpurascens'

A compact, shrub-like plant with aromatic purple foliage. Grown primarily for ornamental value in the landscape, however, can be used in culinary dishes. Lavender-blue flowers attract butterflies and hummingbirds.

12-24" TALL X 18-24" WIDE | ZONE 6

Variegated | Landscape ○ ヾ ※ ▮ (featured image) Salvia o. 'Tricolor'

Very showy oblong leaves are a marbled combination of gray-green, purple, pink, and white. Grown primarily for its ornamental value in the landscape, but can also be used for culinary purposes. Lavender flowers attract butterflies and hummingbirds.

12-18" TALL X 18" WIDE | ZONE 6

White Dalmatian | Culinary ○ ▼ ※ 編 ▮ | Salvia o. 'White Dalmatian'

An exceptional plant with small gray leaves that provide a desirable flavor to culinary dishes, as it has a less bitter flavor than other varieties of sage. Also wonderful for the garden or containers. Light pink blooms attract butterflies and hummingbirds.

18-24" TALL X 18" WIDE | ZONE 4

SALAD GREENS, GOURMET

Arugula | Culinary O | Eruca vesicaria sativa 'Rocket'

An easily grown, cool weather green that provides a strong spicy, distinct flavor. Use in salads as you would spinach or cress.

8-16" TALL X 4-6" WIDE | ANNUAL

Beet, Bull's Blood | Culinary O |

Beta vulgaris

This heirloom variety is primarily grown for its eye-catching dark burgundy foliage that is a great addition to salads. Also produces wonderful 2-3" beets when harvested young.

8-16" TALL X 6-12" WIDE | ANNUAL

Chard, Bright Lights | Culinary O | (featured image) Beta vulgaris 'Bright Lights'

A superior mix of green or bronze leaves with colorful stems in shades of gold, pink, orange, purple, red, and white that have a mild, sweet flavor. Delicious stir-fried or steamed! Strong bolt resistance across all colors.

12-16" TALL X 8-12" WIDE | ANNUAL

Chard, Fordhook Giant | Culinary O | Beta vulgaris 'Fordhook Giant'

The standard among Swiss Chards, this popular heirloom variety sports deep green wrinkled leaves with bright white veins and stems. A high-yielding variety, even in hot weather.

12-16" TALL X 8-12" WIDE | ANNUAL

Endive, Curly | Culinary () | Cichorium endivia 'Bellesque'

Rosettes of long, rich, green leaves have a frilly edge and a very firm texture. Plants can be grown as a full head, or like a baby leaf salad mix. Add leaves to salads, sandwiches, or use as a garnish. Thrives in cooler conditions. Slow-bolting and tolerant of frost.

6-18" TALL X 8-10" WIDE | ANNUAL

Greens, Ovation Mix | Culinary O | Brassica sp.

A high-yielding mix of greens with both mild and spicy flavors including Red Mustard, Kale, Arugula, Mizuna, and Tatsoi.

8-16" TALL X 4-6" WIDE | ANNUAL

Kale, Black Magic | Culinary O | Brassica oleracea var.

A gourmet kale with long, crinkly, black-tinted leaves is packed with rich flavor and full of vitamins and nutrients. Pick young as "baby greens" or sauté the mature leaves to use in soups, stews, casseroles, and side dishes. Easy to grow, your whole family will love.

24" TALL X 24" WIDE | ANNUAL

Kale, Darkibor | Culinary 🔾 †

Brassica oleracea var.

A deliciously crunchy, easy to grow kale that does not melt out in warm temperatures. This kale refuses to bolt, and is packed with great taste, and full of nutrition. Enjoy its crinkly texture in every meaty bite!

12-18" TALL X 24" WIDE | ANNUAL

Kale, Lacinato | Culinary O | Brassica oleracea var. 'Lacinato'

An Italian heirloom variety that has heavily savoyed blue-green 3" wide leaves that grow 10-18" long. Best eaten when leaves are small and tender. Flavor is enhanced by frost. 10-18" TALL X 24" WIDE | ANNUAL

Lettuce, Buttercrunch | Culinary () |

Lactuca sativa 'Buttercrunch'

A Bibb type lettuce for home gardeners and fresh market growers. Slow bolting and long lasting variety forms a high quality heart of sweet, crisp, tender ribs. AAS Winner. 9-15" TALL X 6" WIDE | ANNUAL

Lettuce, Millcreek Mix | Culinary ○ †

Lactuca sativa 'Five Star Greenhouse Mix'

A colorful mix of lettuces including: green and red oakleaf, red romaine, green leaf, and red leaf lettuces. Uniform growth rates and reds that hold their color very well!

12" TALL X 12" WIDE | ANNUAL

Lettuce, Red Romaine | Culinary O

Lactuca sativa 'Rubens Red'

This large leaf romaine lettuce has sweet, crinkled, deep red leaves that are green at the base. A cool weather variety that forms a 9" head.

12-14" TALL X 8-12" WIDE | ANNUAL

Lettuce, Red Sails | Culinary 🔿 †

Lactuca sativa 'Red Sails'

This 1985 AAS Winner makes this a favorite among gardeners. Known for its bolting resistance, this lettuce has a soft texture and buttery flavor. Deep red to bronzy-maroon ruffled tops with green lower leaves make a beautiful and tasty addition to the table.

4-6" TALL X 12-15" WIDE | ANNUAL

Lettuce, Rouxai | Culinary O †

Lactuca sativa 'Rouxai'

The striking, deep cherry red color of this lobed leaf lettuce has a great flavor and texture for your salad. Its bright green interior makes a beautiful contrast.

4-6" TALL X 12-15" WIDE | ANNUAL

Lettuce, Royal Oakleaf | Culinary O |

Lactuca sativa 'Royal Oakleaf'

This lettuce produces a large plant of deep lobed leaves that have a rich green color and attractive shine. Slower to bolt, this beauty looks amazing in a tossed salad.

6-10" TALL X 6" WIDE | ANNUAL

Radicchio | Culinary O |

Cichorium intybus 'Chioggia Red Preco'

A tight, medium, headed radicchio valued for bitter wine-red leaves that hold their texture when cooked. Flavor mellows when grilled or roasted. Resistant to bolting.

12" TALL X 8-10" WIDE | ANNUAL

Sorrel, French | Culinary O †

Rumex acetosa

These tender greens have an intense, tangy, lemony flavor and are commonly used in salads, soups, sauces, and generously with fish. One of the earliest greens in spring.

3-6" TALL X 8" WIDE | ANNUAL

Sorrel, Red Veined Raspberry Dressing | Culinary ○ ♣ † Rumex sanguineus 'Raspberry Dressing'

The red-veined leaves of this variety have a taste similar to a raspberry vinaigrette. Perfect for a colorful addition to a border or mixed container. Plant in average soil. 6-10" TALL X 6-10" WIDE | ZONE 6

Spinach, Lizard | Culinary () | Spinacia oleracea 'Lizard'

This smooth, rounded leaf spinach is upright and compact. It has excellent re-growth and is slow to bolt with high resistance to downy mildew.

6-12" TALL X 6-12" WIDE | ANNUAL

SANTOLINA

Green | Landscape ○ ¼ Santolina virens

An aromatic, evergreen shrub with bright green fringed foliage and gold flowers in summer. Often used in knot gardens.

12-24" TALL X 9-12" WIDE | ZONE 6

SAVORY

Compact Summer | Culinary ○ **1** | Satureja hortensis 'Compact Summer'

An upright and tidy annual herb prized for its slender leaves that can be added to fresh salads, stews, roasting meats, or used as a garnish. The flavor is similar to that of thyme and marjoram with notes of mint.

6-12" TALL X 12" WIDE | ANNUAL

Winter | Culinary O ■ 1 (featured image) Satureja montana

A low-growing, shrub-like plant with tiny, leathery, dark green leaves that have a pungent peppery spiciness similar to thyme. Use fresh or dried to season potato dishes, stuffing, and other culinary delights.

12" TALL X 10" WIDE | ZONE 6

SHALLOTS

Culinary O | Allium cepa 'Conservor'

Similar to the common onion, grown for the dried bulb, which is mild-flavored and combines the essence of onion, garlic, and scallions. A single bulb shallot with an elongated shape and reddish-brown skin. The most delectable of all onions, use fresh in salads and other culinary dishes.

16" TALL X 6-8" WIDE | ANNUAL

STRAWFLOWER

Bright Bikini Mix | Landscape ○ 🦋 💢 Xerochrysum bracteatum 'Bright Bikini Mix'

This dwarf strawflower features a bright colorful blend of red, pink, white, and yellow 2" double flowers. This fun-in-the-sun variety will provide fresh and dried flower arrangements for your enjoyment. Make a splash while attracting bees, butterflies and other beneficial insects to the garden border.

12" TALL X 8" WIDE | ANNUAL

SWEET ANNIE

Landscape O X Artemisia annua

Delicate, green, fern-like foliage has a fruity, sweet scent. Foliage and summertime bright yellow flowers are commonly used as a filler in dried flower arrangements and potpourri. Readily self-seeds.

Order from Availability only - No Advanced Orders.

4-6' TALL X 3-4'WIDE | ANNUAL

s

SWEET WOODRUFF

Landscape • • 🕻 🔏

Galium odoratum

An early spring blooming groundcover with tiny, fragrant, white flowers. Medium green, whorled, vanilla-scented leaves form nice mats of foliage in the shade garden.

6-12" TALL X 12-18" WIDE | ZONE 4

SWEETLEAF

Culinary O | (featured image)

Stevia rebaudiana

Light green, ovate leaves are edible and provide a sweet flavor, much sweeter than sugar. Fresh leaves are an excellent addition to fruit salads, teas, or baked in bread. Leaves may also be dried and used as a sugar substitute. Attractive white flowers.

12-24" TALL X 12" WIDE | ANNUAL

TARRAGON

French | Culinary O 🦮 💢 📑 † Artemisia dracunculus 'Sativa'

One of the finest culinary herbs, having a delicate anise-like flavor. Used in sauces or with poultry, eggs, fish, or vegetables.

18-24" TALL X 15-18" WIDE | ZONE 5

Texas | Culinary ○ ¼ 🚹 | (featured image)

Tagetes lucida (Sweet Marigold)

An upright bush with yellow flowers and green foliage. Tarragon-flavored leaves and petals make an excellent substitute in hot, humid areas where French Tarragon grows poorly.

24-36" TALL X 12" WIDE | ANNUAL

THYME

Coconut | Landscape 🔾 🦮 🛋 🗻 🚨

Thymus praecox 'Coccineus'

This vigorous, creeping variety has bright green foliage and deep pink flowers. The foliage smells faintly of coconut. Used in the landscape for pathways and edging.

2" TALL X 12-18" WIDE | ZONE 3

Doone Valley | Landscape ○ ¥ ¼ ♣ ♣

Thymus 'Doone Valley'

A semi-upright variety with glossy, lemon scented leaves with yellow variegation that develops throughout the growing season. Reddish-purple flowers.

2-4" TALL X 12-20" WIDE | ZONE 5

Elfin | Landscape ○ ¥ ¾ **≛** ♣ Thymus 'Elfin'

Spreading mats of tiny, deep green leaves create a cushion-like effect on the ground. Pink flowers sit atop this extremely low-growing plant.

1" TALL X 6-12" WIDE | ZONE 5

THYME - CONTINUED

English | Culinary O 🛪 🔏 🏝

Thymus vulgaris

One of the most popular upright varieties! A robust grower with dark green leaves that provide great flavor in culinary dishes. A must-have for the herb garden. White flowers. 6-12" TALL X 12-24" WIDE | ZONE 5

Foxley | Culinary O 💥 🔏 🏝 |

Thymus pulegiodes 'Foxley'

Foxley is an excellent variegated, broadleaf thyme with both culinary and ornamental uses. This creeping variety has small green and cream variegated leaves and pink flowers. Suitable for planting as a groundcover in the rock garden, herb garden or the front border. Fragrant leaves can be harvested any time of the season for their savory taste!

8" TALL X 16" WIDE | ZONE 5

French | Culinary 🔾 💥 🚠 🖴 †

Thymus vulgaris 'French'

Considered by many to be the best culinary variety, this upright thyme has narrower, gray-green leaves compared to English thyme. White flowers.

10-12" TALL X 18" WIDE | ANNUAL

Golden Lemon | Landscape O 🔏 🗸 📤 (featured image)

Thymus x citriodorus 'Aureus'

ALLIUM

ORNAMENTAL ONION

Grown for their lollipop-like flowers that add ornamental interest in the landscape. Fresh or dried blooms make great cut flowers. Most have strap-like leaves and tubular flower stalks.

See more Allium varieties in our Proven Winners® Perennials section. Page 158.

'Lavender Bubbles' PP31126 🔘 🛈 🦮 💥 👗 🚓

As its name suggests, 'Lavender Bubbles' features beautiful dark dusty purple flowers that resemble bubbles. The flowers are a darker shade of purple and bloom later than 'Millenium'. An easy-to-grow perennial that is resistant to deer and rabbits. 12-14" TALL X 20-24" WIDE | ZONE 4 | Royalty \$.16

'Medusa' PP31126 🔘 🛈 🦮 💥 👗 🐣

Twisty gray-green foliage and buds that look like snakes in low mounds. Produces 2" round clusters of light-purple flowers. Butterflies and bees love the flowers' sweet nectar. Grows best in average soil conditions.

20-24" TALL X 24" WIDE | ZONE 4 | Royalty \$.16

'Millenium' 🔾 🛈 💥 💥 👗 📤 (featured îmage)

This lovely ornamental onion offers large rose-purple flowers, which bloom over dark green foliage in mid- to late summer. Deadhead to prevent reseeding. 15-20" TALL X 10-15" WIDE | ZONE 5

'SummerBeauty' 🔘 🕦 🏋 💥 👗 📤

Showy pink pompon flowers bloom atop narrow green foliage. The flowers are sterile and will not produce viable seed. Excellent in cut flower arrangements. Loved by many pollinators.

18-24" TALL X 18-24" WIDE | ZONE 5

AMSONIA BLUE STAR

A graceful and long-blooming perennial that provides wonderful fall foliage color. Mid-season bloom. This plant may still be dormant if shipped before April 15th.

See more Amsonia varieties in our Proven Winners® Perennials section. Page 158.

'Blue Ice' O ① ¥ ¥ 💥 🗶 (featured image)

Blue buds open to blue, star-shaped flowers. Green leaves turn bright yellow in fall. 12-15" TALL X 18-24" WIDE | ZONE 5

hubrichtii 🔘 🕕 😿 💥 🚨

Blue flower clusters above much narrower leaves. Foliage provides a fine texture in the garden. Bright yellow fall color!

36" TALL X 36" WIDE | ZONE 5

h. 'Butterscotch' 🔾 🛈 😾 🦮 💥 💆 🚨

NEW The steel-blue flowers, reddish stems and a beautiful 'Butterscotch' fall color make this a great multi-season native. Better disease resistance. Attracts birds and butterflies. 36" TALL X 24" WIDE | ZONE 4 | Royalty \$.08

ANEMONE

WINDFLOWER

Lovely flowers atop thin stems blow in the wind, hence the common name Windflower. Plants grow best in partial shade. An excellent groundcover!

sylvestris 🔘 🛈 🦮 💢 🚠

Fragrant, slightly nodding, cup-shaped white flowers with yellow anthers are produced in spring on compact plants. The flowers give way to white seed heads that complement the deeply-lobed, medium green foliage. A beautiful plant that will spread to form a nice colony.

12-18" TALL X 12-18" WIDE | ZONE 4

AQUILEGIA

COLUMBINE

Excellent plants for providing color in early spring. Use as a cut flower or border plant. Rabbit resistant. Early to Mid-season bloom. Columbines are relatively short-lived; allow some of the plants to go to seed and self-sow. This Early-season bloomer must ship by April 30th.

alpina 🔾 🛈 🦞 🦮 💢 🐣

Deep blue flowers with short spurs bloom atop dark green foliage. 18" TALL X 24" WIDE | ZONE 3

Cameo Series – Very low growing plants great for rock gardens or small spaces.

flabellata Cameo 'Blue and White' ○ ① 😾 🦮 💥 🐣

'Tequila Sunrise' PP9875 🔾 🦮 💥 💥

Sunny yellow flowers with red centers bloom atop variegated foliage that is a combination of white, cream, and green. New foliage in the spring is tinged with pink.

14-16" TALL X 12-18" WIDE | ZONE 4

COREOPSIS - CONTINUED

UPTICK™ SERIES - Plants with larger flowers and a longer bloom period.

UpTick™ Cream PP28964 ('Balupteam') ○ 🧡 🛣 💥 Nice mounded habit that produces large, cream colored blooms. Blooms from May until September. Prefers well-drained soil and full sun.

12-14" TALL X 12-14" WIDE | ZONE 5 | Royalty \$.15

UpTick™ Cream & Red PP28866 ('Balupteamed') ○ 🦮 🛣 X Large cream flowers with a deep red center. Blooms from May to September. Prefers well-drained soil and full sun. 12-14" TALL X 12-14" WIDE | ZONE 5 | Royalty \$.15

UpTick™ Gold & Bronze PP28882 ('Baluptgonz') **O** ★ ★ ★ X Beautiful large flowers with a mostly red center and yellow tips. Forms a nice mounded habit. Long bloom time. Prefers well-drained soil and full sun.

12-14" TALL X 12-14" WIDE | ZONE 5 | Royalty \$.15

UpTick™ Yellow & Red PP28865 ('Baluptowed') ○ ★ ★ ¥ X Tidy mounded habit with large yellow flowers and a deep red center. Blooms from May to September. Prefers full sun and well-drained soil. 12-14" TALL X 12-14" WIDE | ZONE 5 | Royalty \$.15

v. 'Moonbeam' O 😿 🦋 🗴

The landscape staple with pale yellow flowers that bloom all summer atop fine-textured green foliage.

This plant may still be dormant if shipped before April 15th. 18-24" TALL X 18-24" WIDE | ZONE 4

v. 'Sylvester' PP24767 🔘 😿 🧏 💢

Large golden-yellow flowers atop narrow green foliage. Long blooming flowers appear on bushy plants. Prefers well-drained, medium-rich soil.

This plant may still be dormant if shipped before April 15th.

16-20" TALL X 14-16" WIDE | ZONE 5 | Royalty \$.12

CREEPING PHLOX

Please see Phlox subulata page 138.

DELOSPERMA

HARDY ICE PLANT

A low-growing groundcover with succulent leaves and tons of flowers. Perfect for rock gardens or hard to plant areas as plants prefer hot, dry sites in full sun. Delosperma flowers only open when the sun is out. Plants often bloom from Early and Mid-season to Late-season.

cooperi 🔾 🦮 🐣

Bright magenta flowers cover the green foliage. 3-6" TALL X 12-24" WIDE | ZONE 5

Fire Spinner™ O 🦌 🚓

Bright sparkling orange flowers with pink centers; green foliage.

1-3" TALL X 12-24" WIDE | ZONE 5 | Royalty \$.09

Wheels of Wonder* Series - This series has exceptionally large flowers and upright growth habit. Great for containers. Drought tolerant.

'Fire Wonder' PP25645 🔘 🦌 🚓

Flowers have yellow colored centers fading to fiery-red petals. A long-lasting bloomer!

6-8" TALL X 12-24" WIDE | ZONE 5 | Royalty \$.21

'Golden Wonder' PPAF 🔾 🥌 🚓

Bright golden-yellow petals with white centers that will capture your attention. Flowers from May 'til frost.

6-8" TALL X 12-24" WIDE | ZONE 5 | Royalty \$.21

'Hot Pink Wonder' PP26157 O 🦮 📤 (featured image)

Flowers are hot pink with bright yellow centers. Flowers from May 'til frost. Great to plant in containers and allow to spill over.

6-8" TALL X 12-24" WIDE | ZONE 5 | Royalty \$.21

'Limoncello' PPAF 🔘 💥 🚓

Limoncello features large, pure white outer petals with bright yellow inner petals and dark green succulent foliage.

An excellent selection with deep rose flowers that have a dark, rosyorange cone. 2010 AAS winner.

18-24" TALL X 12-16" WIDE | ZONE 3

p. 'Prairie Splendor' 🔘 😾 🦮 💥 💢

Compact grower with deep rose flowers. Blooms earlier than other coneflowers.

24" TALL X 18-24" WIDE | ZONE 5

p. 'Ruby Star' O 😾 🦮 💥 🐰

Stiff deep magenta-red petals are held horizontally. Similar to 'Magnus' but a deeper color.

24-36" TALL X 18-24" WIDE | ZONE 3

p. 'White Swan' 🔾 😾 💥 💥 💥

A traditional coneflower with white petals and a coppery cone. 24-36" TALL X 12-24" WIDE | ZONE 4

ECHINOPS

GLOBE THISTLE

A tough plant that handles less than desirable conditions in the garden including poor soils, drought, and heat. Cooler nights increase intensity of the flower color. Great for attracting butterflies. Mid to Late-season bloom.

The most commonly found Echinops. Spiny blue foliage with silver undersides and spherical blue flower heads.

4' TALL X 18-24" WIDE | ZONE 3

ERYNGIUM

SEA HOLLY

Large thistle-like flowers atop spiny leaves. Great as an unusual specimen. Prefers full sun, moist soil, and requires excellent drainage. Mid to Late-season bloom.

'Blue Glitter' ○ 🗙 🔏 🗴 🚨 (featured image)

Silver-blue stems with sprays of small blue-gray thistle-like flowers. Great for cut flowers. 6-8" TALL X 8-12" WIDE | ZONE 5

planum 'Blue Hobbit' 🔘 🦮 💢 🚨

A dwarf blue selection with silver-blue stems and flowers.

2-4" TALL X 8-10" WIDE | ZONE 4

EUPHORBIA

SPURGE

Excellent foliage plant for providing interest throughout the year. Most prefer hot, dry sites. Early to Mid-season bloom.

amygdaloides var. robbiae 🔾 🕦 🌑 🦮 💢

A slow-spreading groundcover with glossy evergreen foliage. Green bracts and tiny yellow flowers. Shade tolerant.

18-24" TALL X 12-18" WIDE | ZONE 5

'Ascot Rainbow' PP21401 (COPF) O 1 1/1 X - 1 (featured image)

Colorful red and blue-green bracts support cream flowers above beautiful cream, yellow, and blue-green foliage. Drought tolerant.
20" TALL X 20" WIDE | ZONE 5 | Royalty \$.30

polychroma 'Bonfire' PP18585 (COPF) 🔾 🐧 💥 🗻 🚨

Bright green new growth ages to a burgundy-red and creates a backdrop for glowing yellow bracts. Nice mounding form.

18" TALL X 36" WIDE | ZONE 5 | Royalty \$.28

FERNS

Hardy Ferns offer a wide variety of colors and textures and make fabulous displays when planted en masse. Most grow best in moist, well-drained soil. **Some ferns may still be dormant if shipped before April 15th.**

See more Fern varieties in our Proven Winners® Perennials section. Page 161.

AURICULATE LADY

Athyrium otophorum • 🕦 🦮 🚓

Foliage emerges pale green on reddish-purple stems and matures to dark green. Fronds arch from the base of the plant. Deciduous. 24" TALL X 12-18" WIDE | ZONE 5

BRILLIANCE™ AUTUMN

Dryopteris erythrosora 'Brilliance'™ • ① 🦮

A showy form of autumn fern with beautiful bright orange new fronds that age to green. At maturity the fronds are glossy and remain tinged with orange. Evergreen.

20-24" TALL X 20-24" WIDE | ZONE 5 |

CHRISTMAS

Polystichum acrostichoides • ① 🦮 📡

Glossy, deep green fronds. Eastern U.S. native. Evergreen, even

in the harshest winters. Named Christmas Fern as it remained green during the Christmas season.

12-24" TALL X 12-24" WIDE | ZONE 4

DIXIE WOOD

Dryopteris x australis 🌘 🛈 🦮

Tall, erect, dark green fronds characterize this sterile clump-forming fern. Semi-evergreen.

4-5' TALL X 24-36" WIDE | ZONE 5

FERNS - CONTINUED

EASTERN WOOD

Dryopteris marginalis

① 🦮 🔀

Forms tidy clumps of leathery forest green fronds. Very tolerant to dry conditions once established. Cold tolerant. 12-18" TALL X 12-18" WIDE | ZONE 3

GHOST

Athyrium x 'Ghost' 🗶 🛈 🦮

A striking hybrid that brings steel-gray, sword-like highlights to the shady garden! The pale foliage has red midribs held on reddish stems. A unique fern that is easy to cultivate. Deciduous.

24-36" TALL X 18-24" WIDE | ZONE 3

IAPANESE BEECH

A vigorous grower with light green fronds. Plants spread to form nice colonies. Deciduous.

24" TALL X 12-18" WIDE | ZONE 4

JAPANESE PAINTED

Athyrium niponicum var. pictum 🌘 🛈 🦮

One of the most popular ferns because of its silvery foliage! Olive-green fronds have silver-gray overtones, with purplered veins and stems. Deciduous.

18-24" TALL X 18-24" WIDE | ZONE 4

JAPANESE PAINTED REGAL RED

A more colorful painted fern with ruffled fronds that have bright silver edges and a dark red interior. Each frond twists giving it the ruffled look. Deciduous.

18-24" TALL X 18-24" WIDE | ZONE 4

LADY IN RED™

Athyrium filix-femina 'Lady in Red' 🗶 🐧 🦌 💟

Lacy, light green fronds have bright red stems. More

30-36" TALL X 24" WIDE | ZONE 3

MAIDENHAIR

Adiantum pedatum 🗨 🛈 🦮

Delicate bright green fronds drape in the garden from shiny black stems. Plants provide wonderful texture in the garden and thrive in woodlands and moist areas. Deciduous.

12-24" TALL X 12-18" WIDE | ZONE 2

OSTRICH 'The King'

Large green fronds form clumps which spread vigorously. A large upright fern that is easy to grow in consistently moist, neutral to alkaline soils. Deciduous.

3-5' TALL X 3-6' WIDE | ZONE 2

R

TASSEL

Polystichum polyblepharum • 🛈 🦮

A beautiful, heavily-textured fern with leathery, dark green fronds. New fronds droop backwards after emerging, forming a tassel. Evergreen.

18-24" TALL X 18-24" WIDE | ZONE 5

TOKYO WOOD

Dryopteris tokyoensis ① 🦮

Medium to dark green stiffly erect fronds on vigorous plants. A slender vase-shaped fern that is easy to grow. Deciduous.

18-36" TALL X 36" WIDE | ZONE 5

FESTUCA

Please see Grass & Grass-like Plants page 103.

GAILLARDIA

BLANKET FLOWER

Continuous bloom from summer until frost even without deadheading! Excellent cut flower. Prefers light, well-drained soil. Mid to Late-season bloom.

'Arizona Apricot' 🔾 😿 🧏 💢 🚨

Subdued apricot flowers have yellow tips and a darker orange center. Compact, uniform plants.

12" TALL X 12" WIDE | ZONE 3

'Arizona Red Shades' 🔾 💥 💥 💢 🚨

Masses of large, crimson-red flowers. Some have slightly yellow tips. More compact and uniform than 'Burgundy'. Great for containers.

10-12" TALL X 12" WIDE | ZONE 3

'Arizona Sun' O 🗙 💥 🔀 🐧 (featured image)

Orange-red blooms are tipped in yellow creating a colorful bicolor. Earlier and longer blooming than 'Goblin'. Uniform mounding habit.

12" TALL X 12" WIDE | ZONE 3

'Burgundy' 🔾 💥 💥 💢 🚨

Large, 3" wine red flowers bloom on taller plants.

30" TALL X 30" WIDE | ZONE 3

'Dazzler' 🔾 💥 💥 💢 🚨

Attractive, large, daisy-like maroon flowers with golden-yellow tips rise above clumps of rough foliage. Let them age to glowing globe-shaped seed heads. Removing seed heads as they fade makes room for more flowers.

18-24" TALL X 18-24" WIDE | ZONE 3

'Goblin' ('Kobold') 🔾 💥 💥 💢 🚨

An old time favorite with bicolor flowers that are scarlet-red tipped in yellow.

12" TALL X 15" WIDE | ZONE 3

Mesa™ Bright Bicolor 🔾 🦋 💥 💥 🚨

Mostly yellow blooms with a little strip of red around the center. Requires good drainage. Tolerates heat and humidity very well.

14-16" TALL X 20-22" WIDE | ZONE 5

GAILLARDIA - CONTINUED

Mesa™ Yellow O 😿 🧏 🗶 🚨

A heavy bloomer with bright yellow flowers. Compact plants have a strong growth habit. 16-18" TALL X 20-22" WIDE | ZONE 5

GALIUM

SWEET WOODRUFF

An excellent naturalizing groundcover for shaded areas. Prefers moist, well-drained area. Early to Mid-season bloom. This plant may still be dormant if shipped before April 15th.

odoratum 🕕 🗨 🦌 🚠

Tiny, fragrant white flowers bloom above whorled green leaves. 6-12" TALL X 12-18" WIDE | ZONE 4

GAURA

WAND FLOWER

A tough native plant tolerant of high heat and humidity. Prefers rich soil that is well-drained. Plants will not tolerate wet feet, especially in winter. Attractive wandlike flower stalks in Mid-season.

I. 'Little Janie' PPAF 🔾 💥 💥 💢

This easy-to-grow selection produces pink and white bicolor flowers that hover above the foliage. Performs best in full sun. Blooms from early spring until late fall. The leaves are green with red stems and buds.

16-18" TALL X 10-18" WIDE | ZONE 6 | Royalty \$.10

Passionate Series – Plants have a compact, dense, upright habit and a profusion of endless blooms.

Passionate Blush PP17293 ('SME-2') O 💥 💥 💥

Pink flowers bloom on airy stems, deep crimson foliage. 18-24" TALL X 14-16" WIDE | ZONE 6 | Royalty \$.15

Passionate Rainbow PP17002 O 😿 🧏 🗶 🗴

Rose-pink flowers bloom from spring to fall along thin stems. This compact selection sports interesting variegated green leaves that are neatly edged in cream and pink. Great for perennial borders or containers.

12-18" TALL X 16-20" WIDE | ZONE 6 | Royalty \$.15

1. 'Rosy Jane' PP22290 O 💥 💥 💥 🐰 (featured image)

A popular variety with white flowers and cute pink picotee edges.

12-36" TALL X 24" WIDE | ZONE 5 | Royalty \$.15

l. 'Siskiyou Pink' 🔘 🛈 😿 💥 💥

Rosy-pink flowers bloom on green foliage that is splashed with red. 18-24" TALL X 12-24" WIDE | ZONE 5

l. 'So White' 🔘 🕦 🦮 💥 💢

Pure white flowers bloom atop more tidy mounds of green foliage.

12-18" TALL X 18" WIDE | ZONE 5

GERANIUM

CRANESBILL

True hardy geraniums add long-lasting color to the perennial border. Attractive foliage often has beautiful fall color. Early to Mid-season bloom.

x cantabrigiense 'Biokovo' 🔾 🛈 💥 👗 🚓

White flowers have pink-tinged petals and pink stamens. Highly fragrant green foliage has wonderful red fall color. A nice groundcover. 2015 PPA Perennial Plant of the Year! 10-12" TALL X 12-18" WIDE | ZONE 4

x can. 'Karmina' 🔘 🛈 🦌 🚠 🚓

GRASS & GRASS-LIKE PLANTS

Ornamental Grasses are a valuable and versatile addition to the landscape as a specimen, accent plant, or when planted en masse. Most require well-drained soil for best results. Attractive throughout all four seasons!

See more Grass varieties in our Proven Winners® Perennials section. Page 162.

Acorus americanus Sweetflag () (1) 1/16 📡

This native plant has sweet, spicy-scented leaves and was used by Native Americans extensively for its medicinal value. The rhizomes can be a substitute for ginger, cinnamon, and nutmeg. 24-36" TALL X 12" WIDE | ZONE 3

Andropogon gerardii 'Blackhawks' PP27949 Big Bluestem ○ ¼ ¥ ×

As new foliage emerges, it is a deep green to dark purple color which deepens to almost black by fall. Burgundy-red inflorescences emerge mid to late summer. Tolerates a range of soils but prefers well-drained soil and full sun. Deer resistant.

5' TALL X 24" WIDE | ZONE 3 | Royalty \$.25

Calamagrostis x acutiflora 'Avalanche' Feather Reed Grass 🔾 🦌

Striking variegated leaves have white centers and deep green margins. Foliage remains crisp and showy all season long. Noted for its purplish-green plumes that appear in early June and age to gold.

3-4' TALL X 12-24" WIDE | ZONE 5

Calamagrostis x a. 'Karl Foerster'

Feather Reed Grass 🔾 🛈 🦞 🔏

Narrow, stiff, green foliage forms upright clumps, and gives rise to pink feathery plumes beginning in July. Gold fall foliage.
3-5' TALL X 24-36" WIDE | ZONE 5

Calamagrostis x a. 'Overdam' Variegated Feather Reed Grass ○ ▼ ⅓

Erect clumps of green leaves that are edged in creamy white. Foliage is tinged with pink as it emerges in spring. Pink plumes in early summer. 24-36" TALL X 24-36" WIDE | ZONE 4

Carex elata 'Aurea' Bowles Golden Sedge 🔘 🕦

Bright gold foliage is edged in dark green. It is well-suited for moist or wet areas of the garden and thrives even when grown in a few inches of water. The gold coloration is best when planted in full sun; however, it is tolerant of drier soils when planted in shady conditions.

12-24" TALL X 24-36" WIDE | ZONE 5

An excellent and versatile groundcover sedge with light blue foliage that forms a nice mat. A great selection to use as a groundcover in the sunny perennial border! Plants adapt well to moist or dry soil.

12-24" TALL X 12-24" WIDE | ZONE 5

Carex morrowii 'Ice Dance'

Ice Dance Sedge 🕕 🌢 🦌

Dense clusters of shiny, semi-evergreen leaves have dark green centers and a white edge. Thrives in moist soil. Leaves may scorch if the plant is allowed to dry out in hot sun.

8-12" TALL X 12-24" WIDE | ZONE 5

Carex pensylvanica Pennsylvania Sedge ① ● ※ ¥ ♣

This semi-evergreen has green foliage and grows best in moist to well-drained soil. A great low-growing groundcover for shade that is often used in containers, rock gardens, as an under-planting, or on its own as a shade lawn. Drought tolerant once established.

8-10" TALL X 12-18" WIDE | ZONE 4

Chasmanthium latifolium

Northern Sea Oats 🔾 🛈 😾 🦮 👱

A U.S. native with flat, oat-like seed heads that bloom in late summer and persist through winter for added seasonal interest. Golden fall color. Tolerates dry shade or moist sunny sites.

3-4' TALL X 24-36" WIDE | ZONE 5

Festuca g. 'Elijah Blue' Blue Fescue ○ ¼ ♣ 🚨

A compact, cool-season grass with powder-blue needle-like foliage. Color holds well through summer. Blue seed heads appear in summer and age to tan.

8-10" TALL X 8-10" WIDE | ZONE 4

Liriope muscari 'Big Blue' Lilyturf ● 🦌 🕰 🐧

The most versatile and popular green Liriope. Wide dark green foliage and lavender flower spikes in Mid-season. Flowers mature into black fruit in fall. Excellent for edging, in rock gardens, or dry shade gardens. Cut back in early spring to promote fresh growth.

12-24" TALL X 12-24" WIDE | ZONE 5

Liriope muscari 'Variegata' Lilyturf () ● ¾ ♣ å

Showy green and cream striped foliage creates a nice background for beautiful lavender flowers which mature into dark berries in the fall. The variegation increases with sun & decreases with shade. A superb groundcover for shaded or dry sites. Cut back in early spring to promote fresh new growth.

12-18" TALL X 12-24" WIDE | ZONE 5

Miscanthus 'Purpurascens'

Flame Grass 🔾 🦮 💢

Called Flame Grass as its light green foliage turns a beautiful, bright reddish-orange with the onset of cooler fall temperatures. Magenta blooms turn to white as they age. Plants prefer dry conditions. 4-5' TALL X 24-36" WIDE | ZONE 5

Miscanthus s. 'Gracillimus' Maiden Grass ○ ① ¥ ¼ X ♣ 🚨

A landscape staple with narrow, deep green leaves that form a lovely, vase-shaped clump. Bronze plumes in fall.

5-6' TALL X 3-4' WIDE | ZONE 5

GRASS & GRASS-LIKE PLANTS - CONTINUED

Miscanthus s. 'Little Zebra' PP13008 Maiden Grass ○ ① ¥ ¼ X ♣ Å

Distinctive narrow foliage is noted for its horizontally banded green and yellow coloration. Reddish-purple flower plumes in fall persist well into winter. Plants don't flop or open up. Cut back in early spring. 3-4' TALL X 24-36" WIDE | ZONE 5 | Royalty \$.26

Miscanthus s. 'Morning Light' Maiden Grass ○ 🏋 🔏 🚨

Fine blades of foliage are green with thin white margins creating an overall silver-gray appearance. Red-bronze plumes in fall.

4-5' TALL X 36" WIDE | ZONE 5

Miscanthus s. 'Variegatus' Variegated Maiden Grass ○ ① ¥ ※ ♣ 🐧

An old Maiden Grass but still one of the best! Wide blades of foliage are green with white stripes. More cascading in habit than other Miscanthus. Red seed heads in fall.

5-6' TALL X 3-4' WIDE | ZONE 5

Panicum virgatum 'Shenandoah' Switch Grass ○ ¼ ¥ ¼ Å

Blue-green leaves are tipped in red and beginning in June the foliage takes on more red coloration. Lovely dark purple foliage by fall. Red flower panicles in summer.

24-36" TALL X 3-4' WIDE | ZONE 5

Pennisetum alopecuroides 'Hameln' Dwarf Fountain Grass ○ ① ▼ ¼ X 🌡

Narrow green leaves form finely-textured mounds of foliage that are topped with tan bottlebrush plumes and tan foliage in fall. Requires excellent winter drainage.

12-24" TALL X 12-24" WIDE | ZONE 5

Pennisetum a. 'Red Head' Dwarf Fountain Grass 🔘 🦌 🗴 🚨

Deep purple buds appear midsummer that mature to smokypurple bottlebrush plumes. Gold tones are brought out in the green foliage as temperatures become cooler.

4-5' TALL X 4-5' WIDE | ZONE 5

Pennisetum 'Karley Rose' PP12909 Fountain Grass ○ 🦮 🗴 🚨

Dark gray-green leaves give rise to showy, fluffy, rose-purple flower spikes that appear between June and August. The foliage turns a colorful yellowish-tan in the fall.

36-40" TALL X 24-36" WIDE | ZONE 5 | Royalty \$.20

Schizachyrium scoparium 'Standing Ovation' PP25202 Little Bluestem ○ ♥ ¼ ¼ ¼ Å Å

Beautiful blue leaves with hints of green, purple, and pink, and as fall approaches, there are nice shades of red and orange as well. Seed heads have great texture and provide food for birds and other creatures. Drought tolerant.

3-4' TALL X 18-24" WIDE | ZONE 3 | Royalty \$.20

Schizachyrium sc. 'Twilight Zone' PP27432 Little Bluestem ○ ¥ ₩ ¼ ¥ X 🐧

A Walters Gardens introduction, this native Schizachyrium has silvery-purple foliage that keeps its color throughout the changing seasons. In fall, even brighter purple highlights appear. Seed heads start to form in early fall and stay attractive until frost. Prefers well drained soil.

Order from Availability only - No Advanced Orders.

3-4' TALL X 18-24" WIDE | ZONE 3 | Royalty \$.30

Sporobolus heterolepis

Prairie Dropseed 🔾 🏋 💥 🚨 🚨

Fine-textured green leaves form tufted clumps that give rise to tan, cloud-like flowers in late summer. Vibrant orange-red fall color. Prefers dry soils.

24-36" TALL X 24-36" WIDE | ZONE 3

GYPSOPHILA

BABY'S BREATH

Excellent plants for the rock garden, as a filler in the border, and for trailing over walls and out of containers. Excellent drainage required. Mid to Late-season bloom.

cerastioides O 🗑 📤 (featured image)

This less common form of gypsophila is unlike the other varieties we offer. Alpine baby's breath is excellent for rock gardens as the rounded, glossy, green leaves form dense and compact mats from which white flowers with pink veins bloom from late spring into summer. Great for attracting butterflies.

4" TALL X 8-12" WIDE | ZONE 4

repens 'Rosea' 🔾 💥 🙈

A low-growing, trailing form with soft pink flowers in Early to Mid-season. 3-6" TALL X 8-12" WIDE | ZONE 3

HELIANTHEMUM

SUN ROSE

Easy to grow, compact, evergreen plants with rose-like flowers and a cascading habit. Wonderful in rock gardens or as an edger. Plants prefer well-drained soils and are known for their drought tolerance. Mid-season bloom.

'Ben Fhada' 🔘 💥 💥 🐣

Bright yellow flowers with an orange eye bloom on this dwarf cultivar with a more prostrate habit. Ideal for rock gardens or hot and dry areas. Requires well-drained soil. 8" TALL X 12" WIDE | ZONE 5

'Bronze Carpet' 🔾 💥 🚓

'Bronze Carpet' is another dwarf cultivar with a prostrate habit featuring orange-bronze flowers with a yellow eye. Ideal for rock gardens or hot and dry areas. Requires well-drained soil.

8-12" TALL X 10-12" WIDE | ZONE 4

HELIANTHEMUM - CONTINUED

'Henfield Brilliant' O 🦮 🗶 📤 (featured image)

Red-orange blooms over a mound of silver-gray foliage. Trim lightly after blooming to ensure fullness in the middle of the plant. Requires well-drained soil, especially during winter.

6-8" TALL X 12-24" WIDE | ZONE 4

HELIOPSIS

FALSE SUNFLOWER

An easy to grow perennial that is native to the Central U.S. Excellent for summer color and cut flowers. Prefers well-drained soil. Mid to Late-season bloom. **This plant may still be dormant if shipped before April 15th.**

See more Heliopsis varieties in our Proven Winners® Perennials section. Page 162.

helianthoides 'Summer Nights' O • 🗶 🗶 🗶 (featured image)

HEMEROCALLIS - CONTINUED

'Stella de Oro' 🔾 🛈 💥 👗 🚨

Small golden-yellow flowers bloom from Mid to Late-season. Heavy and long-lasting bloomer.

15" TALL X 12-24" WIDE | ZONE 3

HEUCHERA

CORAL BELLS

Clump-forming mounds of foliage give rise to tiny bell-like flowers borne on wiry stems. Most grow best in rich, well-drained soil. Flowers attract hummingbirds and are great for cutting. Early to Midseason bloom.

See more Heuchera varieties in our Proven Winners® Perennials section. Page 164.

americana 'Marvelous Marble' 🔾 🛈 🤻 💥 💥 🗸 🚨

A seed-grown variety with marbled foliage that emerges purple in spring and matures to deep green with reddish-purple veins and a silver overlay. Creamy white flowers appear on short stems earlier than other Heuchera.

8-12" TALL X 16" WIDE | ZONE 4

'Berry Smoothie' PP21871 (COPF) 🔾 🐧 🤘 🢥 💥 🔏 🚨

Bold foliage emerges a metallic rose-pink in spring and darkens to purple-pink as it matures. Small, soft pink flowers bloom in late spring to early summer. Best coloration is attained when plants receive some sun.

18" TALL X 20" WIDE | ZONE 4 | Royalty\$.25

'Berry Timeless' PP26357 🔾 🐧 🤻 💥 💥 🗸 🚨

Nice clumps of mint-green foliage are lightly covered in silver.

Tall scapes of beautiful pink flowers beginning midsummer, often blooming until frost.

8-10" TALL X 20" WIDE | ZONE 4 | Royalty \$.26

'Delta Dawn' PP23545 (COPF) 🔾 🐧 🤻 💥

Large, round, lime-gold leaves have red centers in the spring and fall, and gorgeous red venation in the summer. Insignificant white flowers.

8" TALL X 12" WIDE | ZONE 4 | Royalty \$.25

'Fire Chief' PP21880 (COPF) O O * * X

Glowing wine red foliage is topped with pink and white bicolor flowers on dark red stems.

9" TALL X 15" WIDE | ZONE 4 | Royalty \$.25

'Forever Red' PP26944 ('TNHEUFR') O O Y X

Large, deep red leaves that become a darker red in the spring and fall from cooler temperatures; cut and ruffled leaves. Pinkish-white flowers on tall scapes in the summer.

7" TALL X 14" WIDE | ZONE 4 | Royalty \$.25

'Mahogany' PP19072 (COPF) 🔿 🐧 🤻 🦮

Ruffled, shiny mounds of foliage change from purple tones in spring to red tones in summer. Creamy white flowers.

8" TALL X 16" WIDE | ZONE 4 | Royalty \$.25

micrantha 'Palace Purple' 🔾 🛈 🤻 💥 💥 💥 🚨

One of the first and most common purple-leafed varieties that remains a landscape staple. A seed-grown strain with leaves ranging in color intensity from bronzy-green to purple-red. lvory-white flowers.

8-12" TALL X 12-16" WIDE | ZONE 4

'Midnight Rose' PP18551 (COPF) O 🐧 🛪 💥 💥 🚨

A unique sport of 'Obsidian' with the same dark blackishpurple foliage highlighted with pink speckles. Insignificant white flowers. Best coloration in light shade, but tolerates full sun. 10" TALL X 16" WIDE | ZONE 4 | Royalty \$.25

'Obsidian' PP14836 (COPF) O 🐧 🛪 💥 💥 🗸 🐧

One of the darkest foliage cultivars available! Near black leaves are smooth, round, and shiny. Compact mounds sport small creamy white flowers. An excellent choice next to bright foliage or flower colors.

8-10" TALL X 16" WIDE | ZONE 4 | Royalty \$.25

'Plum Pudding' (COPF) O 🐧 🛪 🦮

A compact, vigorous-growing cultivar with plum-colored foliage with a light silver overlay and purple veins. Insignificant white flowers.

8" TALL X 12-18" WIDE | ZONE 4

'Timeless Night' PP31987 🔾 🐧 🕇 🧏 🔏 🚨

Deep black foliage forms a compact mound that produces beautiful pink flowers on dark pink calyces. Native to the U.S. Deer resistant. Can be used in edging, containers, or mass planting.

8-10" TALL X 16-18" WIDE | Royalty \$.26 | ZONE 4

villosa 'Caramel' PP16560 🔘 🐧 🤘 🧏 💥 🗸 🚨

Foliage emerges apricot with purple-red undersides and fades to amber by summer. Performs well in heat and humidity.

Creamy white flowers to 18", later than other cultivars.

12" TALL X 12-15" WIDE | ZONE 4 | Royalty \$.18

vil. 'Fire Alarm' PP24525 🔘 🛈 🤘 🦋 💥 💥 🚨

Similar to 'Fire Chief' although 'Fire Alarm' is bigger and brighter. Bright red leaves in the spring and fall that darken to a brown-red during summer months. Pinkish-white flowers on tall scapes in the summer.

9" TALL X 14" WIDE | Royalty \$.25 | ZONE 4

FOAMY BELLS

An intergeneric cross between Heuchera and Tiarella, having Tiarella-like foliage and airy blooms atop wiry stems. Early to Mid-season bloom. Great for containers or the part-shade to shade border. Some varieties tolerate more sun than others. Water weekly during dry spells.

See more Heucherella varieties in our Proven Winners® Perennials section. Page 164.

'Pink Fizz' PP26947 **③** ● X

Pink Fizz forms a mounded clump of large, deeply lobed soft green leaves. Leaves have heavy red to purple veining. Pure pink flowers appear on tall scapes. Bee friendly! This selection thrives in average soil conditions and shade to part shade.

8" TALL X 18" WIDE | Royalty \$.26 | ZONE 4

'Pumpkin Spice' PP29925 ○ ① 🗴

Bronze leaves with mahogany centers emerge in early spring with color holding into early summer. Cream flowers appear in early summer on dark red stems. Bee friendly.

Order from Availability only - No Advanced Orders.

8-10" TALL X 18-22" WIDE | ZONE 4 | Royalty \$.26

'Sweet Tea' PP21296 (COPF) O 🔾 💢

Possesses good heat and humidity tolerance. In spring, the foliage is an apricot-orange, changing to a coppery-orange by summer. Small white flowers to 27". Grows best in moist, well-drained soils.

Order from Availability only - No Advanced Orders.

20" TALL X 28" WIDE | ZONE 4 | Royalty \$.25

HIBISCUS

ROSE MALLOW

Nice bold plants add color and a tropical feel to the garden. Grow in full sun with consistently moist to wet soils. Very slow to break dormancy in spring. This plant is not available for shipment until after June 1st. Order this plant from Availability only - No Advanced Orders.

'Blackberry Merlot' PPAF 🔾 🛈 🦮 💥 💢

8" rich, deep red flowers above a tight, upright habit of dark green leaves. It is sure to brighten up your garden at the end of the season. Attracts bees and butterflies.

4-5' TALL X 3-4' WIDE | ZONE 4 | Royalty \$ 36

Cordial Series - sturdy, well-branched plants

'Brandy Punch' PP18938 🔾 🦮 💥 💥

Large pink flowers and bronze-tinted green foliage.

4' TALL X 36" WIDE | ZONE 5 | Royalty \$.37

'Cherry Brandy' PP18944 🔘 💥 💥 💥

Large solid red flowers and bronze-tinted green foliage.

4' TALL X 36" WIDE | ZONE 5 | Royalty \$.37

'Cinnamon Grappa' PP18964 🔾 🦮 🗶 💢

Large, round, plush-red flowers over deeply cut green foliage.

4' TALL X 36" WIDE | ZONE 5 | Royalty \$.37

HIBISCUS - CONTINUED

'Peppermint Schnapps' PP18939 O 🗙 💥 🗶 X (featured image) Large pink flowers with darker pink splotches bloom over green foliage. 4' TALL X 36" WIDE | ZONE 5 | Royalty \$.37

'Plum Crazy' PP11854 🔾 🤻 🦮 💢

This compact cold hardy Hibiscus sports purplish-green maple-cut leaves in early summer, followed by 10" raspberry-plum blooms. Appreciates moist soil conditions. Attracts hummingbirds.

36-42" TALL X 24-36" WIDE | ZONE 4 | Royalty \$ 10

Splash Series - Sturdy, compact plants.

Pinot Grigio PP17570 🔘 🦮 💥 💥

Very large, bright white petals with a hint of pink at the outer edge, rosy-red throat. 30-36" TALL X 36" WIDE | ZONE 5 | Royalty \$.10

HOSTA

HOSTA OR PLANTAIN LILY

An excellent perennial for the shade border. Primarily grown for their foliage, though many have showy and fragrant flowers in Mid to Late-season. Hardy and easy to grow in light shade and moist soils. Flowers attract hummingbirds. This plant may still be dormant if shipped before April 15th.

See more Hosta varieties in our Proven Winners® Perennials section. Page 165.

'Abiqua Drinking Gourd' 🕕 🌒 🤘 💢 🚨

Heavily puckered blue cup-shaped leaves make this one of the most distinctive cultivars! White flowers to 30".

18" TALL X 36" WIDE | ZONE 3

'Age of Gold' PP30902 🛈 👁 🤻 💥 🚨

With its golden-yellow leaves it is sure to make a statement in the shade. White tubular flowers appear midsummer on tall flower scapes. For the best yellow color, plant Age of Gold in filtered shade or morning sun.

25" TALL X 5' WIDE | ZONE 3 | Royalty \$.26

'American Halo' 🕕 🌒 🤻 💥 🔏

Thick, rounded blue-green leaves have a wide creamy white margin. White flowers to 20" in June and appear just above the foliage. Good slug resistance.

22" TALL X 5-6' WIDE | ZONE 3

'Atlantis' PP17093 🕦 🌑 🤻 💢 🖺

Dark green leaves with golden-yellow margins. With more sunlight, the color of the margins will be brighter. Pale lavender flowers appear midsummer above the foliage on tall scapes.

30" TALL X 6' WIDE | ZONE 3 | Royalty \$.26

'August Moon' 🕕 🌒 🤻 💢 🚨

Corrugated, ridged leaves of bright gold and chartreuse make for good slug resistance. Tolerates full sun which will intensify the gold color in the foliage. Produces pale lavender bell-shaped flowers up to 24" in midsummer.

20" TALL X 3-4' WIDE | ZONE 3

'Barbara Ann' 🕦 🗨 🤻 🐧

A sport of 'Elegans' with thick, corrugated blue-green leaves that are edged in cream. White flowers appear midsummer on 24" scapes. Adapts well to varying conditions but grows best in moist soil.

20" TALL X 3-4' WIDE | ZONE 3

'Blazing Saddles' 🕕 🗨 💢 🚨

Sturdy mounds of dark green leaves have broad creamy white margins. Throughout the summer the leaf margin ages to white. Slightly fragrant lavender flowers to 24" in summer.

16-18" TALL X 3-4' WIDE | ZONE 3

'Blue Angel' ① ● ヾ 🏻 🚨

Large powdery-blue leaves form a stately clump. Exhibits good slug resistance. Near-white flowers in dense clusters to 44".

36" TALL X 4' WIDE | ZONE 3

'Blue Mouse Ears' 🕕 🌒 🤻 💢 🚨 🚨

A distinctive small hosta bearing clumps of small bluegreen heart-shaped leaves of thick substance. An excellent rock garden plant! Small spikes of lilac flowers to 11". 8" TALL X 12" WIDE | ZONE 3

'Brother Stefan' ◆ ▼ X 🐧

A spectacular Hosta! Green leaves have a brilliant gold center and are extremely thick, heavily corrugated, and puckered!

Excellent slug resistance. Great as a specimen in the garden.

Near white flowers bloom to 24" in early summer. 20" TALL X 36" WIDE | ZONE 3

'Christmas Tree' 🕕 🗨 🏋 🚨

Very dark green and puckered leaves have a streaky white margin. A strong growing sieboldiana type. Pale lavender flowers grow to 24" in summer.

20-23" TALL X 36" WIDE | ZONE 2

'Dancing Queen' 🕕 🛡 🦹

This Hosta is a must have! The striking bright yellow foliage of Dancing Queen emerges in the spring and lightens to a soft yellow in mid to late summer as the pale lavender flowers bloom.

18" TALL X 30" WIDE | ZONE 3

'Designer Genes' () • 🔻 💢 🚨

A striking hosta with leaves that emerge in spring a brilliant yellow with deep wine red stems. Plants form medium-sized mounds of bright yellow foliage that mature to a chartreuse-green. Purple flowers in late summer.

18" TALL X 12" WIDE | ZONE 3

'Dream Queen' 🕦 🌒 🤻 💢 🚨

A sport of 'Great Expectations' with a much wider blue-green margin and a narrow creamy white center. White flowers to 36".

18" TALL X 24" WIDE | ZONE 3

z

HOSTA - CONTINUED

'Dream Weaver' () • * X &

Large, nearly round corrugated leaves have blue-green margins and contrasting creamy white centers. White flowers appear on 26" stalks in midsummer. Adapts well to dry or moist soil.

18" TALL X 30" WIDE | ZONE 3

'Elegans' 🕕 🗨 💢 🚨

A classic, large hosta with blue-green, heart-shaped leaves that have a thick substance and very heavy corrugation. Mature leaves are cupped and are a lovely background for the near-white flowers that bloom in summer.

30" TALL X 5' WIDE | ZONE 3

'Fantabulous' 🛈 🗨 🤻 🚨

Wide bright white margins that surround the dark green center. Leaves are shiny and light up the shade garden. The rippled foliage is topped with lavender flowers up to 26" in midsummer. 26" TALL X 36" WIDE | ZONE 3

'First Dance' PPAF 🕕 🗨 💢 🚨

This selection is a sport of 'Dancing Queen', with wide yellow centers and green margins. The leaves form an upright mounded clump. Pale lavender flowers appear mid to late summer on arching flower scapes.

24" TALL X 5' WIDE | ZONE 3 | Royalty \$.26

'Francee' ① ● 🌱 🛚 🗗

A classic hosta and landscape staple with dark green heart-shaped leaves that have a bright white edge. Lavender flowers to 33". 10-14" TALL X 36" WIDE | ZONE 3

'Great Expectations' 🕦 🌑 🤻 💢 🚨

Leaf centers emerge gold in spring before aging to creamy white centers and wide, irregular, blue-green margins. Towers of white flowers appear in summer on 34" scapes. Tolerant of a wide range of soil conditions. Tolerates heavy shade and black walnut.

20" TALL X 40" WIDE | ZONE 3

'Guacamole' 🛈 🗨 🧡 👗 🗟

A rapid grower with rounded green leaves and gold center. The foliage colors are more intense with more light. Fragrant lavender flowers to 30-40".

22" TALL X 3-4' WIDE | ZONE 3

'June' 🛈 🗨 🤻 🔏

A very distinctive gold-centered sport of 'Halcyon'. Heavy substance with excellent slug resistance. Light lavender flowers to 24".

12-24" TALL X 24-36" WIDE | ZONE 3 |

'Lakeside Paisley Print' 🕦 🌑 🤻 💢 🚨

A small hosta with wavy green leaves that have irregular cream colored to white centers resembling a feather. Lavender flowers on scapes to 24" in summer. 2019 AHGA Hosta of the Year! 10" TALL X 20" WIDE | ZONE 3

'Paradigm' 🕕 🗨 💢 🚨

Golden leaves have a blue-green margin. Variegation is more intense as the season progresses. Lavender flowers bloom in midsummer. Adapts well to varying conditions but grow best in moist

soil. 2007 Hosta of the Year by the AHGA.

20" TALL X 36" WIDE | ZONE 3

'Patriot' ① ● ▼ X 🗟

A sport of 'Francee' with thicker leaves and a much wider distinctive white edge. Lavender flowers to 30". 22" TALL X 30" WIDE | ZONE 3 |

'Rainbow's End' PP17251 🛈 👁 🔻 🗸 🐧

This unique Hosta has bright yellow leaves with dark green margins. The center turns creamy white in summer. Dark lavender flowers appear late summer on showy red scapes. 2021 Hosta of the Year by the AHGA.

11" TALL X 21" WIDE | ZONE 3 | Royalty \$.26

'Rainforest Sunrise' 🕦 🌒 🤻 💢 🚨

A striking variety with sharply contrasting gold and dark green variegation. Can tolerate some sun. Lavender flowers to 18".

8" TALL X 16" WIDE | ZONE 3

'Regal Splendor' 🕕 🗨 💢 🖺

Narrow, frosty-blue leaves that are edged in creamy yellow. A distinctive cultivar that forms upright, vase-shaped clumps. Lavender flowers on tall scapes midsummer.

36" TALL X 36" WIDE | ZONE 3

'Robert Frost' 🛈 🗨 🤻 🐧

Nearly white, bell-shaped flowers appear midsummer on tall scapes. 23" TALL X 42" WIDE | ZONE 3

'So Sweet' ① ● 🌱 🗶 📠 🗟

Glossy green leaves with a creamy white margin. Vigorous grower with a nice habit. Very fragrant white flowers to 36".

HOSTA - CONTINUED

'Spartacus' ① ● 🌱 💢 🚨

Deeply veined leaves with heavily rippled yellow margins. In early to midsummer, pale lavender flowers appear on tall scapes.

17" TALL X 36" WIDE | ZONE 3

'Stained Glass' 🕦 🗨 🏋 👗 🚨

A sport of 'Guacamole' with vibrant gold centers and a green margin. The prominent leaf veins give it a stained-glass look. Fragrant pale lavender flowers 24-36". An excellent garden performer!

15" TALL X 4' WIDE | ZONE 3

HYPERICUM

ST. JOHN'S WORT

Vigorous groundcover with decorative seed pods. Early to Mid-season bloom.

IBERIS

CANDYTUFT

An excellent border plant with evergreen foliage. Prefers well-drained soil. Early to mid-spring bloom.

Order this plant from Availability only - No Advanced Orders.

sempervirens 'Purity' O 💥 🕌 📤 🚨 (featured image)

Fragrant white flowers atop glossy green foliage.

8-10" TALL X 12" WIDE | ZONE 4

s. Snowcone™ PPAF ○ 😾 🦮 👗 🚢 🚨

Beautiful clusters of white flowers cover the top of the plant when in bloom! Compact plants have narrow, dark green leaves that are evergreen.

6-12" TALL X 12-24" WIDE | ZONE 3 | Royalty \$.08

s. 'Snowflake' ('Schneeflocke') ○ ♥ ₩ ¼ ■ ■ Large bright white flowers atop dark green foliage.

6-12" TALL X 12-24" WIDE | ZONE 3

z

IRIS LOUISIANA

LOUISIANA IRIS

Prefers consistently moist soil. Excellent cut flower. Great for containers, border, and water gardens. Early season bloom.

'Black Gamecock' 🔾 🔾 🦮 💥 💢

This Louisiana Iris bears stunning, 6" near-black blooms with golden throats in late spring or early summer. Plants form huge clumps of wide, green foliage. A perfect selection for an excessively wet site, this variety will thrive in places few others could survive.

24-36" TALL X 24" WIDE | ZONE 4

IRIS SIBIRICA

SIBERIAN IRIS

Excellent cut flower. Slender leaves add a nice vertical element in the landscape. Early to Mid-season bloom.

'Butter and Sugar' ○ **①** M/× × Bright butter-yellow falls and clear white standards.

28" TALL X 18-24" WIDE | ZONE 3

'Caesar's Brother' O • 💥 🗶 (featured image)

Very showy dark purple flowers.

36" TALL X 18-24" WIDE | ZONE 3

'Cape Cod Boys' 🔾 🐧 🦮 💢

This beautiful selection has periwinkle-blue flowers with a darker blue veining and lemon-yellow throat. Flowers are held above nice, sword-like foliage in late spring and early summer. These plants are easy to grow in a wide range of soil conditions.

27-32" TALL X 18-24" WIDE | ZONE 3

'White Swirl' 🔾 🕦 🦮 💢

Large, ruffled white flowers with a pale yellow throat.

30" TALL X 18-24" WIDE | ZONE 3

IRIS VERSICOLOR

BLUE FLAG IRIS

This native Iris is a wonderful selection for water gardens or along moist borders! Thrives in wetland habitats.

Narrow clump-forming, sword-shaped blue-green leaves give way to 30" flower stalks in late spring. These stalks produce 3-5 bluish-purple flowers with dark purple veining. Sepals are yellow surrounded by a white zone.

24-36" TALL X 24-36" WIDE | ZONE 2

ISOTOMA (LAURENTIA)

BLUE STAR CREEPER

An easy to grow groundcover with Mid to Late-season bloom.

fluviatilis ○ ① ▲
Soft blue star-shaped flowers atop dense mats of foliage that hug the ground.
3-6" TALL X 8-12" WIDE | ZONE 5

KNIPHOFIA

RED HOT POKER

Sword-like leaves. Prefers well-drained soil in a protected area. This unique series is known to bloom in the early summer and fall. Attracts hummingbirds.

'Border Ballet' O 🛪 🦮 🗶 (featured image)

Small, heavy blooming variety in a range of colors from red to pink, yellow, and orange. 18-24" TALL X 12-18" WIDE | ZONE 5

'Flamenco' 🔾 🔻 🦮 💥

Flower spikes bloom red, orange, yellow, and cream from top to bottom, respectively. 18-24" TALL X 18-24" WIDE | ZONE 5

LAMIASTRUM

DEAD NETTLE

Easy to grow groundcover that will adapt well in hard to grow areas including dry shade. Early-season bloom.

galeobdolon 'Herman's Pride' 🐧 👁 뇄

Yellow flowers and striking silver and green foliage forms neat mounds. 6-12" TALL X 10-14" WIDE | ZONE 4

g. variegatum ('Florentinum') ● 🖌 (featured image)

Yellow flowers bloom above bright green foliage that has silver variegation.

12" TALL X 18-24" WIDE | ZONE 4

AMERICAN HOSTA GROWERS ASSOCIATION

HOSTA OF THE YEAR

2021 Hosta 'Rainbow's End 2020 Hosta 'Dancing Queen' 2019 Hosta 'Lakeside Paisley Print' 2018 Hosta 'World Cup' 2017 Hosta 'Brother Stefan'

LAMIUM

SPOTTED DEAD NETTLE

Easy to grow groundcover that will brighten up shady areas with foliage and flowers. Early to Mid-season rebloomer.

maculatum 'Orchid Frost' PP11122 (COPF) 🕠 🦮

An abundance of orchid-purple flowers atop clean silver-white foliage with a blue-green edge. Good disease resistance.

6-8" TALL X 12-24" WIDE | ZONE 3 | Royalty \$.06

m. 'Pink Pewter' • 1/2 (featured image)

Clear pink flowers and gray-green leaves that are edged in silvery-gray.

6-8" TALL X 12-24" WIDE | ZONE 3

m. 'Purple Dragon' PP15890 🕕 🦮

Deep lavender flowers bloom over crisp silver foliage edged with green.

6-8" TALL X 12-24" WIDE | ZONE 3 | Royalty \$.20

m. 'White Nancy' 🕕 🦮

White flowers bloom over silver leaves that have a narrow green edge.

6-8" TALL X 12-24" WIDE | ZONE 3

LATHYRUS

Please see Vines page 192.

LAVANDULA

SWEET LAVENDER

Excellent gray-green fragrant foliage and flowers, useful as a low hedge. Use dried for sachets. Requires an alkaline soil and exceptional drainage in winter. Mid-season bloom. Also available in 3" containers (see Herb Section).

angustifolia 'Big Time Blue' PP24827 ('Armtipp01') O 🦮 💥 👗 📤

Purple-blue blooms are larger and earlier than other varieties. Drainage must be excellent to avoid root rot. Can be considered for rock gardens since it doesn't need a lot of water once established.

12-24" TALL X 12-18" WIDE | ZONE 5 | Royalty \$.15

a. Blue Cushion PP9119 ('Schola') (COPF) 🔾 🦮 💥 👗 📤

A compact grower with loads of lavender flowers that bloom throughout summer. 16" TALL X 16" WIDE | ZONE 5 | Royalty \$.07

a. 'Hidcote' 🔘 😿 💥 👗 🚢

Deep purple flowers bloom over gray-green foliage. Compact habit. 18-24" TALL X 18-24" WIDE | ZONE 5

a. Lavance® Purple ('Kielapro') 🔾 🦮 💥 👗 📤

A new dwarf cultivar, bred to have a more compact habit. Deep purple flowers appear the first year above greenish-gray foliage.

10-12" TALL X 18-20" WIDE | ZONE 5

a. 'Munstead' 🔘 🦮 💥 👗 🚓

Light lavender-blue flowers bloom over gray-green foliage.

12-18" TALL X 12-24" WIDE | ZONE 5

Soft blue flower spikes are long-lasting with pale green and cream foliage. Flowers and foliage are both great for fragrance and cutting. Resistant to rabbits. Evergreen! 16-24" TALL X 18-20" WIDE | ZONE 6 | Royalty \$.14

a. 'Thumbelina Leigh' PP15231 O 💥 💥 🗸 📠 📤 (featured image)

This compact, profuse bloomer produces lovely violet-blue spikes atop semi-dark green aromatic foliage. Shearing by half after flowering will produce more blooms. Perfect for edging or rock gardens. Requires excellent drainage. Drought tolerant.

12-15" TALL X 18" WIDE | ZONE 5 | Royalty \$.08

'Dilly Dilly' ○ 💥 💥 👗 📤

Large, fragrant violet-blue flower spikes grow above silver-gray foliage. Flowers are extremely fragrant and great for cutting.

PAEONIA - CONTINUED

'Tom Eckhardt' 🔾 🦮 💢 🚠

Produces Japanese-type flowers that are a deep bright, rosepink that encircle yellow, orange, and rose centers above dark green foliage.

32" TALL X 32" WIDE | ZONE 2

PAEONIA, INTERSECTIONAL

ITOH PEONY

These are hybrids between a Tree Peony and Garden Peony. The blooms and foliage resemble a tree peony. They have thicker stems to hold the blooms upright with vigorous growth, and are floriferous, up to 50 flowers per plant. Best grown in rich, deep, well-worked soil, high in organic matter. The growing points on peonies need to

be planted several inches in the ground. Once established, peonies are very long-lived and ideally should not be moved. Limited Availability.

'Bartzella' 🔘 🦮 💢 🚠

Large yellow double blooms atop dark green dissected foliage with a slightly spicy scent. 30-36" TALL X 36" WIDE | ZONE 3

'Canary Brilliants' O 🦌 🗶 📕 (featured image)

Creamy pale apricot double blooms with rose centers and a light fragrance. 30-34" TALL X 36" WIDE | ZONE 3

'First Arrival' 🔘 🦮 🛚 👗

Very large lavender-pink flowers are semi-double to double and have yellow stamens. The flowers reach nearly 6-8" in size and fade to lighter pink as they mature. This selection forms a nice upright bush of lush green leaves.

24-30" TALL X 30-36" WIDE | ZONE 3

'Julia Rose' 🔾 🦮 💢 폷

Large double soft apricot blooms blending to red at the tips. Also blooms in shades of pink and peach. A mid peony-season bloom. 24-36" TALL X 3-4' WIDE | ZONE 4

PANICUM

Please see Grass & Grass-like Plants page 104.

PAPAVER

POPPY

Large, shiny, saucer-shaped blooms above basal foliage. Plant the crown of oriental types deep in rich well-worked soil. Early to Mid-season bloom. Foliage of oriental types goes dormant after blooming and reappears in August.

nudicaule 'Champagne Bubbles' (Iceland Poppy) O 🦮 🗴 (featured image) This is a mix of orange, yellow, white, bronze, and scarlet flowers.

Salmon flowers with a black eye.

24-36" TALL X 12-24" WIDE | ZONE 3

o. 'Royal Wedding' 🔾 🦮 💢 🐣

Crisp, pure white flowers with a black eye.

30-36" TALL X 18-24" WIDE | ZONE 4

PENNISETUM

Please see Grass & Grass-like Plants & Proven Winners® page 104 & 162.

PENSTEMON

BEARD TONGUE

An attractive plant for the border with flowers that are good for cutting. Attracts hummingbirds and butterflies. Long-lasting mid-season bloom. Prefers well-drained soil.

See more Penstemon varieties in our Proven Winners® Perennials section. Page 167.

'Blackbeard' PP30052 🔘 🤻 💥 💥

Bold, dark purple flower stems that hold lilac-pink bells with white throats. Tolerates heat and humidity better and tolerates the cold very well.

28-34" TALL X 24" WIDE | ZONE 3 | Royalty \$.21

'Dark Towers' PP20013 O 🔻 🗑 🧏 🗶

Gorgeous glossy bronze-red foliage and tubular soft pink flowers.

18-36" TALL X 12-24" WIDE | ZONE 3 | Royalty \$.20

digitalis 'Husker Red' 🔘 🔻 💥 💥

Deep bronze-red foliage and stems with white flowers.

24-36" TALL X 12-24" WIDE | ZONE 3

'Onyx and Pearls' PPAF 🔘 🤻 💥 💢 🚨 🚨

With its attractive dark foliage, it's a perfect contrast to its soft lavender flowers with white interiors. Pollinator friendly! Can be grown in a rock garden or mass planting. Native to the U.S.

42" TALL X 38-42" WIDE | ZONE 3 | Royalty \$.21

Pikes Peak Purple® 🔿 🤻 🦮 💥 💢 🙈

The deep purple twin to Red Rocks®. Blooms on mounded plants with glossy green leaves.

18" TALL X 15" WIDE | ZONE 5 | Royalty \$.07

Red Rocks[®] O * * * * * * (featured image)

Rose-red and white tubular flowers above glossy green-leaved plants.

12-18" TALL X 8-12" WIDE | ZONE 4 | Royalty \$.07

PEROVSKIA

RUSSIAN SAGE

A filler plant in the perennial border with striking silvery foliage and flowers that are great for cutting. Needs well-drained soil, tolerates drought. Mid to Late-season bloom.

See more Perovskia varieties in our Proven Winners® Perennials section. Page 167.

atriplicifolia ○ ▼ ★ ¼ Å (featured image) Lavender flowers atop aromatic gray foliage. 3-4' TALL X 24-36" WIDE | ZONE 5

atr. 'Crazy Blue' PP25639 🔘 🦮 💢 蕌 🚨

'Crazy Blue' is a more compact cultivar that reaches a height of only 16" with purple blooms that sit atop silver-gray leaves. Prefers full sun and well-drained soil.

16-18" TALL X 14-16" WIDE | ZONE 4 | Royalty \$.10

atr. 'Filigran' 🔘 💥 💥 👗 🚨

Long lasting lavender-blue blooms and very finely textured filigree foliage. More upright growth habit.

3-4' TALL X 24-36" WIDE | ZONE 4

atr. Lacey Blue PP20845 ('Lisslitt') 🔾 🦮 💢 👗 🚨

Largest sprays of flowers of any cultivar available today! Large blue blooms last all summer and into fall atop fragrant, fern-like silver foliage. Very dense branching that prevents flopping.

18-24" TALL X 18-24" WIDE | ZONE 4 | Royalty \$.27

atr. 'Little Spire' PP11643 🔘 🦮 💥 👗 🚨

Lavender-blue flower spikes atop silvery-gray foliage. Long bloomer selected for its short upright habit.

18-24" TALL X 18-24" WIDE | ZONE 4 | Royalty \$.15

PHLOX

HYBRIDS

These hybrid phlox selections are wonderful plants that add color, and in many cases, fragrance to the garden. Plants grow best in full sun but will tolerate a bit of shade. Blooms typically appear Early to Mid-season.

See more Phlox varieties in our Proven Winners® Perennials section. Page 167.

Fashionably Early Series – Plants that bloom earlier than the average tall garden Phlox and feature excellent mildew resistance with thick leathery leaves.

'Crystal' PP28679 O 🗙 🗶 👗 (featured image)

Produces pure white flowers with a faint light-purple eye that begin to appear early summer and continues throughout summer. Some reblooming in the fall will occur. Native to the US.

28-32" TALL X 26-30" WIDE | ZONE 4 | Royalty \$.21

PHLOX

GARDEN PHLOX

A hardy Eastern U.S. Native. Many cultivars have fragrant flowers. Mid-Season bloom. A classic plant for the mixed perennial border.

Paniculata Group

'Blue Paradise' 🔾 🦮 🗶 👗

Brilliant blue flowers with dark eyes are very fragrant and are great for cutting. Plant in moist, well-drained soil in areas with good air circulation.

24-36" TALL X 12-24" WIDE | ZONE 4

'Laura' O 💥 🗶 X 👗 (featured image)

Pinkish-purple flowers with starry-white centers and a dark eye.

24-30" TALL X 18-24" WIDE | ZONE 4

'Nicky' O 😿 🔀 🗶 👗

A popular variety with sweetly fragrant, vibrant deep purple flowers. 30-36" TALL X 18-24" WIDE | ZONE 4

'Peacock™ Cherry-Red' 🔘 🦋 💥 🔏

Vivid pink flowers form in mass atop dark stems and green foliage. Prefers moist, well-drained soil. Mildew resistant.

18-24" TALL X 18-24" WIDE | ZONE 4

PHLOX SUBULATA 🫣

CREEPING PHLOX

An outstanding mat-forming groundcover that bursts open with intense blooms in May. The foliage is semievergreen. Creeping Phlox requires full sun in a welldrained soil.

'Amazing Grace' 🔘 😿 🧏 🕰 🚨

White flowers with a red eye. 4-6" TALL X 12-14" WIDE | ZONE 2

'Candy Stripes' O 💥 💥 🕰 🚨 (featured image)

White flowers with a pink stripe down the center of each petal.

4-6" TALL X 12-18" WIDE | ZONE 2

'Coral Eye' 🔾 💥 🔏 🚨 🗟

White flowers with a pink eye.

4-6" TALL X 12-18" WIDE | ZONE 3

Early Spring® Series – As its name suggests, the Early Spring® series bloom quite early in the year, a couple weeks earlier than other subulata cultivars, typically between February and April. The flowers carpet the low-growing plants and can last about a month! The plants are very vigorous, forming compact mounds that are evergreen. Great disease resistance. Excellent for steep banks, rock gardens, and edging flower beds.

Blue PPAF ('Barsixtynine') O 💥 💥 🚨 🚨

Star-shaped blue flowers.

2-4" TALL X 10-12" WIDE | ZONE 2 | Royalty \$.04

Light Pink PP22720 ('Barsixtyfour') 🔾 🦮 🧏 📤 🐧

Star-shaped, soft pink flowers have a darker pink eye and bloom on reddish stems. 2-4" TALL X 10-12" WIDE | ZONE 2 | Royalty \$.04

Purple PP23564 ('Barseventyfour') 🔾 🦮 💥 🗻 🚨

Star-shaped, rich purple blooms have deeper purple eyes and yellow stamens that peek through the center of the eye.

2-4" TALL X 10-12" WIDE | ZONE 2 | Royalty \$.04

Sunsparkler® 'Firecracker' PP26595 🔘 🦮 🙈 🚨

Vibrant pink flowers bloom atop compact, dense growing mats of deep burgundy-red foliage. An improved Dazzleberry. Spectacular when planted en masse. Plant in well-drained soil of average to low fertility.

6" TALL X 12-18" WIDE | ZONE 4 | Royalty \$.20

Sunsparkler® 'Jade Tuffet' PP28090 🔿 🦮 🚓

Compact mounds are formed from plants with unique narrow green leaves and red stems. Deep pink flower heads from late summer through fall. Perfect for containers, slopes, edging.

12-14" TALL X 20-24" WIDE | ZONE 4 | Royalty \$.20

Sunsparkler® 'Lime Twister' PP26895 🔾 🛈 🦮 🚓

A variegated cultivar having lime-green leaves that are edged in creamy yellow. In cool spring and fall weather the creamy edges turn a nice shade of red. Rose flower clusters bloom atop this compact sedum from summer through fall. Perfect for rock gardens, as an edging, and or in mixed containers.

4-6" TALL X 14-18" WIDE | ZONE 4 | Royalty \$.20

Sunsparkler® 'Lime Zinger' PP24632 🔾 😿 🙈 🚨

Soft pink flowers and lime-green succulent foliage with hints of red at the leaf edge, a drought-resistant groundcover.

4-6" TALL X 18" WIDE | ZONE 4 | Royalty \$.20

Sunsparkler® 'Plum Dazzled' PP30348 🔾 🦮 🚓

Beautiful dark plum-purple foliage, and is darker than its 'Dazzleberry' sibling. Large clusters of pink flowers appear in late August through September above this colorful foliage.

6-8" TALL X 18" WIDE | ZONE 4 | Royalty \$.19

ternatum 'Larinem Park' 🔘 🛈 🦮 📡 🚓

Green leaves are topped with soft white flowers. This selection grows best in part-shade.

3-4" TALL X 12-18" WIDE | ZONE 3

'Thundercloud' PP21833 (COPF) 🔾 🦮 🚓

Gray-green, serrated leaves are topped with an abundance of small, whitish-pink flowers.

8-10" TALL X 12" WIDE | ZONE 4 | Royalty \$.10

SEMPERVIVUM

HENS AND CHICKS

Evergreen succulents for rock gardens, walls and containers. Sempervivum, meaning 'live forever', will produce many new chicks each season and occasionally flowers. Drought tolerant once established.

arachnoideum 'Forest Frost' 🔾 🦌 🕰 🚨

Web-covered blue-green and red-tinted leaves with pink, star-shaped blooms. 4-6" TALL X 12" WIDE | ZONE 3

'Black' O 💥 📤 🐧 (featured image)

Green leaves that look like they were dipped in purple dye. 4-6" TALL X 12-18" WIDE | ZONE 3

'Commander Hay' 🔾 💥 🕰 🚨

Rosettes of red and green with pink to pale yellow blooms on 12" spikes arriving in the summer. Perfect for xeriscaping as it prefers sandy, well-drained soil in full sun.
4-6" TALL X 12-18" WIDE | ZONE 3

'Desert Bloom' 🔾 🦮 🕰 🚨

Dusty rose tints the fleshy pointed gray-green leaves as they unfold into 4-6" rosettes. 4-6" TALL X 10" WIDE | ZONE 3

'Green Wheel' 🔾 🦮 🕰 🚨

Pure, bright green foliage forms tight rosettes.
3-6" TALL X 12" WIDE | ZONE 3

'Oddity' ○ ¼ ♣

'Oddity' lives up to its name: evergreen succulent leaves curl lengthwise and backwards to form tubes resembling quills. Drought tolerant.

2-4" TALL X 12" WIDE | ZONE 3

'Silverine' 🔾 🦮 🕰 🚨

Red leaves and pinkish-red flowers. Good grower.

3-4" TALL X 6-8" WIDE | ZONE 3

SISYRINCHIUM

æ

z

BLUE EYED GRASS

Iris-like foliage but much smaller and finer. Long-lasting star-shaped flowers in Mid-season.

'Lucerne' 🔾 🛈 🦮 👱

Blue star-shaped flowers with a yellow eye. Blooms for 8-10 weeks! A nice plant for edging. 8-10" TALL X 15" WIDE | ZONE 5

SOLIDAGO

ORNAMENTAL GOLDENROD

Beautiful golden blooms provide brilliant fall color. Does NOT cause Hay Fever! U.S. Native. Moist to average soil. Late-season bloom.

Little Lemon PP17297 ('Dansolitlem') (COPF) $O \checkmark X \times K \times (featured image)$ A compact variety with lemon-yellow flowers.

12-15" TALL X 12-18" WIDE | ZONE 4 | Royalty \$.18

rugosa 'Fireworks' 🔾 🛈 🟋 🦮 💢

Bright yellow flowers resemble a fireworks display! Tolerant of varied conditions. 24-36" TALL X 36" WIDE | ZONE 4

SPOROBOLUS

Please see Grass & Grass-like Plants page 105.

STACHYS

LAMB'S EARS

Mainly grown for its soft and fuzzy foliage. Needs well-drained soil of moderate fertility. Mid-season bloom.

byzantina 🔾 💥 🙈

Fuzzy, silver foliage grows to 9", lavender flower spikes to 18". 8-18" TALL X 12-24" WIDE | ZONE 4

8-18 TALL X 12-24 WIDE | ZONE 4

b. 'Big Ears' 🔾 💥 🕰 🧴

Vigorous, large silver leaves with occasional small lavender flowers. Very tolerant of heat and humidity.

8-14" TALL X 12-24" WIDE | ZONE 4

b. 'Silver Carpet' 🔾 💥 🙈

Smaller, silvery-haired leaves and finer texture than 'Big Ears'. Seldom blooms.

4-6" TALL X 10-18" WIDE | ZONE 4

monieri 'Hummelo' O 💥 💥 X (featured image)

Rose-lavender flower spikes bloom above scalloped shiny green foliage. 2019 Perennial Plant Association Plant of the Year!

18" TALL X 18-24" WIDE | ZONE 4

STOKESIA

STOKE'S ASTER

A native plant that is a wonderful addition to the border or great in containers. Prefers well-drained soil and is very heat tolerant. Mid-season bloom.

laevis 'Mel's Blue' PP23090 🔘 🗶 🐰

This variety produces a very large, deep blue flower held high on strong stems above mounds of grassy-green foliage.

12-16" TALL X 10-12" WIDE | ZONE 5 | Royalty \$.25

TANACETUM

PAINTED DAISY

A colorful plant for the border with deeply-cut, fern-like foliage and daisy-like flowers that are good for cutting. Early to Mid-season bloom.

Coccineum Group

'Robinson's Crimson' ○ ₩ ¼ ¼ (featured image) Large vibrant raspberry-red flowers. 18-36" TALL X 12-18" WIDE | ZONE 4

Robinsons Mix ○ ① ※ ¼ ¼ ¼ Mixed flower colors of reds and pinks. 24-36" TALL X 36" WIDE | ZONE 5

TIARELLA

FOAMFLOWER

An attractive groundcover for shady naturalized areas. Grown for beautiful foliage and spikes of flowers that appear in Early-season.

'Pink Skyrocket' PP13382 (COPF) 🛈 👁 🦮 💢 👱 📠

Loads of deep pink flower spikes are held well above deeply-cut foliage. Spectacular flower show in spring! Foliage to 6", flowers to 12".

6-12" TALL X 10-12" WIDE | ZONE 4 | Royalty \$.15

'Spring Symphony' PP12397 (COPF) ● 🦮 🗶 🕍 (featured image)
Compact habit with an abundance of soft pink flowers that steal the show in spring. Cutleaved foliage has dark venation. Foliage to 7", flowers to 10".
7-10" TALL X 8-10" WIDE | ZONE 4 | Royalty \$.10

'Sugar and Spice' PP16738 (COPF) ① ● 🦮 💢 💥 👗

Scented flowers are pink with a white interior and bloom above shiny, lacy leaves that have heavily-marked centers. Foliage to 8", flowers to 13".

8" TALL X 12" WIDE | ZONE 4 | Royalty \$.20

TRADESCANTIA

SPIDERWORT

Long narrow leaves with attractive flowers that close at night and reopen in the morning. Prefers moist, well-drained soil. Eastern U.S. Native. Prolific Mid-season bloom.

'Concord Grape' 🔾 🛈 💥

Grape-colored flowers atop attractive frosty-blue foliage. A very long-blooming variety. 18" TALL X 18-24" WIDE | ZONE 3

'Sweet Kate' 🔾 🛈 💥 👱 (featured image)

Purplish-blue flowers above vibrant chartreuse foliage.

12-18" TALL X 12-18" WIDE | ZONE 3

TRICYRTIS

TOAD LILY

Toad lilies are one of the latest blooming perennials. Great for the part shade garden that has moist, rich soil. These plants should be placed near the front of the border so the unusual flowers can be showcased.

formosana 'Autumn Glow' • * * (featured image)

'Autumn Glow' has a reddish-purple flower with blue-violet speckles.

24-26" TALL X 24-36" WIDE | ZONE 4

hirta 'Miyazaki Hybrids' 🕦 🌑 🦮 💢

'Miyazaki' has a lilac flower with dark crimson-purple blotching.

36" TALL X 18" WIDE | ZONE 4

VERBASCUM

MULLEIN

Often thought of as a weedy genus, some cultivars definitely deserve a place in the garden. Easy to grow in full sun and a well-drained soil. Excellent for attracting hummingbirds and as a cut flower. Very drought tolerant. Mid-season bloom.

phoeniceum 'Temptress Purple' 🔘 🤻 💥 💥 💥

Bright purple flower spikes bloom above scalloped deep green leaves.

20-24" TALL X 10-12" WIDE | ZONE 5

VERONICA

SPEEDWELL

Spike blooms make fine cut flowers. Smaller varieties are useful in rock gardens, containers and the front of borders. Mid-season bloom.

'Blue Skywalker' PP29406 🔘 🛈 🦮 💥 🐣 🚨

Lavender-blue blooms atop dark green foliage. Taller than most Veronicas, it still provides a nice dense full habit.

28-30" TALL X 18-20" WIDE | ZONE 4 | Royalty \$.16

'Lavender Lightsaber' PPAF 🔾 🐧 🛪 💥 🔏 🐧

Produces soft lavender flowers that cover the top half of its upright habit. Performs best in full sun but tolerates some shade. Attracts butterflies, hummingbirds, and bees. 28-30" TALL X 18-20" WIDE | ZONE 4 | Royalty \$.16

spicata Royal Candles PP18932 ('Glory') (COPF) 🔾 🛈 🦮 💥 🕰 🧴

Loads of violet-blue flower spikes bloom all summer atop dark green leaves. Foliage remains attractive throughout the growing season.

15-18" TALL X 15" WIDE | ZONE 4 | Royalty \$.17

umbrosa 'Georgia Blue' 🔘 🛈 🦮 🚓

Low-growing bushy foliage, deep blue round blooms.

4-6" TALL X 12-24" WIDE | ZONE 4

'Waterperry Blue' O • 😿 🔏 🐧 (featured image)

Light blue blooms, purple winter foliage. An exceptional low-maintenance groundcover. 4-6" TALL X 12-24" WIDE | ZONE 4

VIOLA

TUFTED PANSY

Deep green foliage contrasts with bright flowers. Trimming the plant after each flush of bloom encourages a long bloom season.

Cornuta Group

Celestial™ Series – This series features excellent winter hardiness, early flowering, compact habit and heat tolerance. Trim back in early summer to promote fresh growth. Excellent for massing, edging, rock gardens, and in mixed containers.

Celestial™ Blue Moon PP19882 ('SMEV1') ○ ① ■

Creamy white flowers have sky blue toward the edges of the petals and a yellow eye.

5" TALL X 8-10" WIDE | ZONE 5 | Royalty \$.07

Celestial™ Twilight PP24592 ('SMEV3') ○ ① ■

It produces flowers that are a rich combination of mauves and golds. 6-8" TALL X 8-10" WIDE | ZONE 5 | Royalty \$.07

'Etain' 🔾 🛈 👗

White flowers are flushed with yellow centers and edged in purple. Longblooming.

4-8" TALL X 10-12" WIDE | ZONE 5

Halo° **Series** – This series features heavy blooming varieties with large, fragrant flowers. Plants can be used in planters, to edge the garden, or as a groundcover. A mounding habit and slow spreader with excellent hardiness and heat tolerance.

'Halo Lemon Frost' PP26383 🔘 🛈 👗

Soft yellow and violet bicolor blooms are extra-large on mounding and spreading foliage. Long lasting in the garden. Summer flowering.

8-10" TALL X 10-15" WIDE | ZONE 4 | Royalty \$.06

'Halo Lilac' PP24542 🔘 🛈 👗

Extra-large, bright purple and white flowers. Blooms from spring to summer with some reblooming in fall.

8-10" TALL X 10-12" WIDE | ZONE 4 | Royalty \$.06

'Halo Sky Blue' PP24541 O O 👗 (featured image)

Extra-large, bright blue flowers have a yellow eye and whiskers. Flowers appear from spring to summer with some reblooming in fall.

- Each pot includes a Proven Winners® picture label.
- Orders with less than 5 IMPACT containers per variety are subject to a special handling charge of \$.50 per pot during March, April, and May.

Please order by number of pots,
MINIMUM ORDER OF 5 PER VARIETY

FIREFLY COLLECTION - The Firefly Collection of Yarrow will light up your summer gardens as fireflies light up the summer night skies. These plants are taller than your average Achillea with an upright, sturdy habit.

Achillea 'Firefly Peach Sky' PPAF ○ 🎔 🦮 💥

Yarrov

Light peach-orange flowers that change to yellow as they mature. The combination of the new and mature flowers will blend beautifully to resemble the skin of a peach. Attracts butterflies and bees.

32-36" TALL X 28-32" WIDE | ZONE 3 | Royalty \$.37

Achillea 'Firefly Sunshine' PPAF 🔾 🗑 🦮 💥

Yarro

Has bright sunny yellow flowers to contrast with its dark green foliage. Attracts butterflies and bees.

28-30" TALL X 24-28" WIDE | ZONE 3 | Royalty \$.37

€

z

Allium 'Serendipity' PP32023 🔘 🛈 🦅 🦮 💢 👗

Ornamental Onion

This sport of 'Millenium' has the same great characteristics with an attractive blue foliage. Globe-like purple flowers are produced mid to late summer. Leaves emit a smell of onion when crushed. Bee friendly.

15-20" TALL X 10-15" WIDE | ZONE 4 | Royalty \$.42

Amsonia tabernaemontana 'Storm Cloud' 🔾 🛈 🦮 📡

Blue Star

Periwinkle-blue, star-shaped flowers cover the plants in spring. Even before the flowers appear, the plants add interest to the garden as the new growth emerges from dormancy with near-black stems and dark green leaves with silver veins. A lovely new variety of the U.S. native that is heat and humidity tolerant.

24-30" TALL X 3-4' WIDE | ZONE 4 | Royalty \$.42

Aruncus 'Chantilly Lace' PP30740 ○ ◑ ¾ ¥ Goatsbeard

A new addition to the Proven Winners® program, this cultivar boasts beautiful creamy white flower sprays that cover its dark green foliage. A great plant for the shade garden that is similar to but more drought tolerant than astilbe.

30-34" TALL X 3-4' WIDE | ZONE 3 | Royalty \$.42

DECADENCE® SERIES - Originating from the breeding work of Hans Hansen at Walters Gardens, this series features plants with unique flower colors and compact habit. This clump forming plant is easy to grow and requires little maintenance, but does require patience, as Baptisia take a couple of years to really establish themselves in the landscape.

Baptisia Decadence® 'Blueberry Sundae' PP23891 ○ 🦮 🗶 X False Indigo

Deep, indigo-blue flowers bloom atop blue-green foliage on compact plants. Ornamental seed pods create fall interest.

36" TALL X 30-36" WIDE | ZONE 4 | Royalty \$.47

Baptisia Decadence® 'Dark Chocolate' PPAF 🔘 🦮 堂 🐰

False Indigo

Unusual charcoal-black flowers rise above the foliage.
Flowers are produced on spikes up to 27" long. Grows best in full sun and well-drained soil.

36-48" TALL X 36" WIDE | ZONE 4 | Royalty \$.47

Baptisia Decadence® 'Lemon Meringue' PP24280 🔘 🦌 💟 💢 False Indigo

Vibrant yellow flowers are sure to pop in the landscape!

The flowers are a lovely contrast against the dark stems. Ornamental seed pods create fall interest.

36" TALL X 36" WIDE | ZONE 4 | Royalty \$.47

Baptisia Decadence® 'Pink Lemonade' PP30669 🔘 🦌 🗶 🗶

False Indigo

Taller than other cultivars in the Decadence® series, Pink
Lemonade has beautiful spikes of bicolor flowers that
open a soft yellow and age into raspberry-purple. These lovely
colors appear at the same time. Ornamental seed pods create fall
interest.

36-48" TALL X 4' WIDE | ZONE 4 | Royalty \$.47

Baptisia Decadence® 'Pink Truffles' PP26588

0 1/4 XX

False Indigo

Pink Truffles has soft pink flowers with a bit of pale yellow.
Ornamental seed pods create fall interest.
30-36" TALL X 36" WIDE | ZONE 4 | Royalty \$.47

Baptisia Decadence® 'Sparkling Sapphires' PP27904

O 💥 🗶 🛚

False Indigo

The newest addition to the Decadence® Series, 'Sparkling Sapphires' has vibrant violet-blue flowers atop a compact, upright blue-green foliage. Native to the U.S. 30-36" TALL X 30-36" WIDE | ZONE 4 | Royalty \$.47

Baptisia Decadence® 'Vanilla Cream' PP25663 ○ 🦮 🗶 🗶

False Indigo

Yellow vanilla cream flowers form over mounded graygreen foliage in late spring early summer. Great for containers or borders. Prefers well-drained soil. 24-36" TALL X 36" WIDE | ZONE 4 | Royalty \$.47

Brunnera macrophylla 'Jack of Diamonds' PPAF

① ● ¼ X ♣

Siberian Bugloss

Huge 9-10" leaves with a heavy silver overlay and a wide dark green veining pattern. Has baby blue flower clusters from mid to late spring. Best in full shade and consistently moist soil.

14-16" TALL X 28-32" WIDE | ZONE 3 | Royalty \$.52

Brunnera m. 'Queen of Hearts' PPAF 🐠 🌢 🦌 🔉 🚓 Siberian Bugloss

This companion plant of Jack of Diamonds has large, heart shaped leaves with a more pronounced silver overlay and a narrow dark green veining pattern. Baby blue flower clusters from mid to late spring. Best in full shade and consistently moist soil.

16-18" TALL X 28-36" WIDE | ZONE 3 | Royalty \$.52

€

FRUIT PUNCH® SERIES - The Fruit Punch® Series has all you could ever want in one perennial. It is tolerant of drought, heat and salt, deer resistant, attracts bees and butterflies, great for cut flowers, and it is low maintenance. The fragrant, double flowers of this series sit atop a short mound of evergreen foliage in early summer and, if sheared after initial flowering, will rebloom again in early fall.

Dianthus Fruit Punch® 'Black Cherry Frost' PP28605

O 🕩 💥 💥 🛋 🖴 🐧

Garden Pinks

Black Cherry Frost has loads of semi-double red velvety flowers with a lighter pink edge above the silvery-blue foliage.
8-10" TALL X 12-14" WIDE | ZONE 4 | Royalty \$.34

Dianthus Fruit Punch® 'Maraschino' PP27882

Garden Pinks

A low mound of silvery-blue spiky foliage that produces fragrant double cherry-red blooms.

9-11" TALL X 12-14" WIDE | ZONE 4 | Royalty \$.34

Dianthus Fruit Punch® 'Raspberry Ruffles' PP30073

Garden Pinks

Produces large, double raspberry-pink flowers with a thin white edge atop an upright mound of blue-green foliage.

8-10" TALL X 12-14" WIDE | ZONE 4 | Royalty \$.34

Dianthus Fruit Punch® 'Spiked Punch' PP28635

Garden Pinks

Produces loads of double vibrant magenta flowers with a deep red eye and serrated edges on a low mound of blue foliage.

9-11" TALL X 12-14" WIDE | ZONE 4 | Royalty \$.34

PAINT THE TOWN SERIES - The Paint the Town series of Dianthus are cherished for their bright colors and increased heat tolerance. Grows best in sun to light shade in well drained soil. Deer resistant.

Dianthus 'Paint the Town Fancy' PPAF ○ ◑ 🦮 💥 👗 🚓 🗿 Garden Pinks

Its glaucous blue foliage forms a nice mounded habit. 1", single, rosy-fuchsia flowers with a red eye are produced midsummer with a rebloom in the fall. Bee friendly!
8-10" TALL X 16-18" WIDE | ZONE 4 | Royalty \$.30

Dianthus 'Paint the Town Fuchsia' PP28636

Garden Pinks

Produces single fuchsia flowers that sit atop glaucous blue foliage. 6-8" TALL X 12-14" WIDE | ZONE 4 | Royalty \$.30

0

<

z

Dianthus 'Paint the Town Magenta' PP29222

Garden Pinks

Produces single magenta pink flowers that sit atop glaucous blue foliage.

9-11" TALL X 12-14" WIDE | ZONE 4 | Royalty \$.30

Dianthus 'Paint the Town Red' PPAF 🔾 🐧 🦮 💥 👗 📤 🚨

Garden Pinks

Paint the Town Red produces single, magenta-red flowers midsummer with a rebloom in the fall. Its glaucous blue foliage forms a nice mounded habit. Bee friendly!

6-8" TALL X 16-18" WIDE | ZONE 4 | Royalty \$.30

COLOR CODED™ SERIES - The Color Coded™ Collection of Echinacea are scientifically produced so that all plants will be uniform in color and habit. Varieties in this collection were chosen for their superb basal branching, flower performance, and large flower size. These late summer bloomers are pollinator magnets that are sure to brighten your garden.

Echinacea Color Coded™ 'Orange You Awesome' PPAF

O O A X X X X T

Coneflower

Tangerine-orange flowers with dark cones are produced atop dark green foliage. Native to the U.S.

18-22" TALL X 16-20" WIDE | ZONE 4 | Royalty \$.42

Fern, Crested Surf PPAF () •

Athyrium niponicum 'Crested Surf'

Crested Surf is similar to the traditional Japanese Painted Fern but with double crested fronds at the tips. Resistant to rabbits. 20-22" TALL X 28-30" WIDE | ZONE 3 | Royalty \$.42

Grass-Pennisetum a. Prairie Winds® Desert Plains PP20751

O ⅓ ¥ X

Fountain Grass

 An excellent cultivar that looks great in the garden all year long. Showy bottle-brush plumes emerge a soft purple and age to tan. Great for use in cut flower arrangements. The foliage turns red, orange, and gold in the fall. Considered an improvement over Hameln having an improved habit, seed heads, and fall color.

3-4' TALL X 3-4' WIDE | ZONE 5 | Royalty \$.47

Heliopsis Tuscan Gold™ PP29819 🔘 🐧 😾 💥 🔏 🛔

False Sunflower

Beautiful and bright, sunny yellow flowers bloom on compact mounded plants that have dark green leaves. Heat tolerant and somewhat tolerant of dry soils. Native of the U.S.

24-32" TALL X 20-24" WIDE | ZONE 3 | Royalty \$.34

Heliopsis Tuscan Sun PP18763 🔘 😾 💥 💢 🚨

False Sunflower

Bright golden flowers with a gold button center bloom through summer atop dense plants with deep green foliage. Tuscan Sun is

great for cut flowers and adding color during the hottest months of summer. Prefers average soil and full sun.

24-36" TALL X 20-24" WIDE | ZONE 3 | Royalty \$.34

Hemerocallis Rainbow Rhythm® 'Going Bananas' PP17164 OOYXXIA

Daylily

An improved 'Happy Returns', with 4", lightly fragrant, lemonyellow flowers with a green throat. The flowers are slightly larger and bloom a bit later than Happy Returns, blooming from early summer and continuing through early fall.

22" TALL X 18-24" WIDE | ZONE 3 | Royalty \$.57

Hemerocallis Rainbow Rhythm® 'King of the Ages'

OOYXXIA

Daylily

Produces incredible 6" flowers! Blooms are a unique blend of butter-yellow, peach, and apricot. Has a burgundy red eye and yellow throat with red, ruffled edges. This is a tough, easy to grow, low-maintenance perennial.

38" TALL X 18-24" WIDE | ZONE 4 | Royalty \$.27

Hemerocallis Rainbow Rhythm® 'Lake of Fire'

OOYXXI

Daylily

Produces enormous 7" flowers! Apricot-orange flowers with a wide orange-red eye. Ruffled edges are a matching orangered with a razor thin golden-yellow margin. This is a tough, easy to grow, low maintenance perennial.

Hydrangea paniculata Bobo® PP22782 ('Ilvobo') 🔾 🛈 💢 Hydrangea

This dwarf, compact hydrangea is sure to turn heads with its large white blooms that cover the plant all the way to the ground. The flowers are held nicely on strong stems and age to pink in fall. Prune in late winter or early spring. Plants grow well in most soils but moderate moist conditions are best. Plant in sun to part

2-3' TALL X 2-3' WIDE | ZONE 3 | Royalty \$1.25

Hydrangea p. Fire Light® PP25135 ('Smhpfl') 🔾 🛈 💢 Hydrangea

Full flower heads emerge white and slowly age to a striking red! A low maintenance and easy to grow Hydrangea that is best pruned in late fall or early spring by removing one third of the length of the branches. The flowers bloom on new wood. Plants tolerate a wide range of soil conditions but do not grow well in soggy soils. 4-6' TALL X 4-6' WIDE | ZONE 3 | Royalty \$1.25

Hydrangea p. 'Limelight' PP12874 🔘 🛈 💢 Hydrangea

Chartreuse-lime flowers that mature to white and continue to develop into beautiful shades of light to dark pink. Medium green leaves turn to beautiful shades of reds and yellows with the first snap of really cool fall weather.

6-8' TALL X 6-8' WIDE | ZONE 4 | Royalty \$1.25

Hydrangea p. Little Lime® PP22330 ('Jane') 🔾 🕕 💢

Hydrangea

This dwarf version of 'Limelight' packs a powerful punch in the garden. In summer, lime green blooms appear on strong stems. Great for borders or containers. Drought tolerant. 3-5' TALL X 3-5' WIDE | ZONE 3 | Royalty \$1.25

Hydrangea p. Little Quick Fire® PP25136 ('Smhplqf')

00 %

Hydrangea

Given the name Little Quick Fire® as the plant is both dwarf and sports blooms that typically appear about a month prior to other hydrangeas. White flowers bloom on new wood and age to pink as the season progresses. Soil pH won't affect bloom color. Plants grow well in full sun to part shade.

3-5' TALL X 3-5' WIDE | ZONE 3 | Royalty \$1.25

Hydrangea p. Quick Fire® PP16812 ('Bulk')

0 0 X

Hydrangea

The first of the panicle hydrangeas to bloom! Flower clusters open pure white then turn pink and in the fall turn to a dark, rosy-pink. In the fall, leaves turn a gold and burgundy color. Quick Fire thrives in full sun and well-drained soil.

6-8' TALL X 6-8' WIDE | ZONE 3 | Royalty \$1.25

Itea virginica Little Henry® PP10988 ('Sprich')

00 🗙 💥 🗶 🖺

Sweetspire

This native shrub will fit anywhere in your garden! Mildly scented white flowers appear in summer and flow from the plant like fireworks falling from the sky! Typical green foliage transforms to beautiful shades of red and orange in the fall in colors that will rival any burning bush. Plants thrive in moist soil conditions but tolerate dry conditions once established. Grows in some shade but will have best flowering and fall color when planted in full sun. Blooms on old wood so if pruning is desired it should be done immediately after flowering.

2-3' TALL X 2-3' WIDE | ZONE 4 | Royalty \$.80

Physocarpus opulifolius Ginger Wine™ PP28695

('Smnpoblr') 🔾 🗶

Ninebark

Colorful foliage emerges sunny orange and matures to a lovely burgundy color. White flowers bloom in clusters in late spring and gradually age to attractive red seed heads. The flowers appear on old wood and plants generally do not need pruned. A great low-maintenance native with an arching habit. Full sun brings out the best foliage color. Drought tolerant. Be sure to give ample space in the garden.

O 🛈 🦮

Buckthorn

A wonderful plant for large patio planters, hedgerows, or small spaces. Fine Line® boasts long narrow green leaves on plants with a narrow, upright habit. A great choice to introduce texture to the landscape or patio. Plants do not require pruning and are adaptable to a wide range of conditions though thrives best in well-drained soil. Full sun to part shade.

5-7' TALL X 2-3' WIDE | ZONE 2 | Royalty \$1.00

Rosa x At Last® PP27541 ('Horcogjil') O X

Landscape Rose

Orange blooms between late spring all the way through the first frost. Glossy green foliage on a rounded habit. Requires full sun and good soil drainage. Blooms on new wood. Disease resistant. 30-36" TALL X 30-36" WIDE | ZONE 5 | Royalty \$1.40

Rosa x Oso Easy® Double Red PP26298 ('Meipeporia') OXI

Landscape Rose

Striking red blooms with pink undertones bloom continuously throughout summer. Highly disease resistant plants form nice rounded mounds in the garden. The flowers appear on new wood and plants do not require deadheading. Pruning not generally needed. Plant in moist, well-drained soil in full sun. 3-4' TALL X 3-4' WIDE | ZONE 4 | Royalty \$1.00

Sambucus nigra Black Lace® PP15575 ('Eva')

O 🛈 😾 🦮 👱

Elderberry

Foliage is an intense, purple-black color that is finely cut like lace. This selection can be placed in more sensitive places in the landscape as it is more durable and

adaptable than other Elderberry. In early summer pink flowers appear and contrast beautifully with the dark leaves. Will tolerate dry soil but performs best in moist soil.

6-8' TALL X 6-8' WIDE | ZONE 4 | Royalty included

Sambucus racemosa Lemony Lace® PP26613 ('Smnsrd4')

O 🛈 😾 🦮 🗶

Elderberry

Beautiful and bright finely dissected foliage is a lovely golden-lemon yellow. The foliage is edged in red as it first emerges. Large clusters of white flowers bloom in early spring before the foliage emerges. The flowers mature to form red fruit in the fall serving as a source of food for wildlife. Adapts to a wide range of conditions in full sun to part shade.

3-5' TALL X 3-5' WIDE | ZONE 3 | Royalty \$ 1.20

Syringa x Bloomerang® Dark Purple PP26549 ('Smsjbp7') O Y X 💥 X 🚹

Reblooming Lilac

Cultivars in the Bloomerang® Series bloom in spring like traditional lilacs, but also bloom again midsummer through fall! As its name suggests, Dark Purple has larger, more rounded, darker purple flowers compared to the original Bloomerang® Purple. The fragrant flowers bloom on new and old wood so any pruning is recommended directly after the spring bloom. Plant in well-drained soil and full sun.

Syringa x Scent and Sensibility™ Pink PP26548 ('Smsxpm')

OYXXX

Lilac

Wider than it is tall, this Lilac features copious amounts of dark pink buds that appear in early summer and open to soft, lilac-pink flowers. Requires moist, well-drained soil and full sun. Fragrant flowers. Deer resistant. Attracts butterflies!

24-36" TALL X 4-6' WIDE | ZONE 3 | Royalty \$1.10

Viburnum nudum Brandywine® ('Bulk') ○ ① ¥ ⅓ ¥ X

A lovely native with white flowers that bloom in spring. The flowers mature into clusters of berries that range in color from green to pink to blue. Green foliage transitions to a beautiful wine red in the fall. Flowering occurs on old wood so it's best to prune after flowering only as needed so you won't miss the lovely berries! Plants grow well in moist, well-drained soil and full sun to part shade.

5-6' TALL X 5-6' WIDE | ZONE 5 | Royalty \$.85

Weigela florida Sonic Bloom® Pink PP24572 ('Bokrasopin')

0 4 4 1 1

Reblooming Weigela

Striking hot pink buds open to pink blooms late in spring. A lovely rebloomer with flowers that continue until frost without deadheading. If pruning is desired, do so just after the spring bloom. Great for attracting hummingbirds and deer resistant. Plants will adapt to other soil conditions but grow best in well-drained soil in full sun.

4-5' TALL X 4-5' WIDE | ZONE 4 | Royalty \$1.00

Weigela f. Wine & Roses® PP10772 ('Alexandra')

OYYXXX

Reblooming Weigela

A large shrub with beautiful rosy-pink blooms that appear in spring and rebloom all summer long. Lovely dark purple foliage remains attractive throughout the growing season. Blooms on old wood, so if pruning is desired do so just after the spring bloom. Deer resistant. Plants will adapt to other soil conditions but grow best in well-drained soil in full sun.

4-5' TALL X 4-5' WIDE | ZONE 4 | Royalty \$1.00

SHRUBS

Shrubs are an essential element of structure and character in the perennial garden. They grow in a wide variety of forms, foliage colors, and textures.

Shrubs are available in:

- IMPACT container
 - 7 1/2" diameter pots
 - minimum 5 per variety
- PRO #2 container
 - 8 1/2" diameter pots
 - no minimum order quantity
- 3 GALLON container
 - 11" diameter pots
 - no minimum order quantity

- Orders with less than 5 IMPACT containers per variety are subject to special handling charge of \$.50 per pot during March, April, and May.

ARONIA RED CHOKEBERRY

This deciduous Native shrub has flowers that are white or pale pink with glandular sepals. The fruit is red that persists into winter.

arbutifolia 'Brilliantissima' 🔾 🐧 🏋 💥 🗶 🐧 (featured ímage)

Excellent production of fruit! Produces white flowers in spring and bright red, glossy berries in the fall. Year round interest. Native to US. Tolerates wet and dry soil conditions but prefers well-drained soil in full sun to partial shade.

6-8' TALL X 3-5' WIDE | ZONE 4

BERBERIS BARBERRY

Perfect for adding color to any garden. Plant in full sun to part shade. Compact and drought tolerant. Deciduous.

thunbergii 'Crimson Pygmy' O 🛈 💥 (featured image)

Known for its beautiful burgundy summer and fall foliage, 'Crimson Pygmy' stays extremely compact and has a nice rounded habit. Insignificant pale yellow flowers bloom in late spring and mature to numerous bright red berries in the fall. The berries often remain after the leaves have dropped, giving it a longer season of interest. Plants grow best in full sun or part shade and average to dry, but well-drained soil. Deer resistant.

18-24" TALL X 24-36" WIDE | ZONE 4

BUDDLEIA BUTTERFLY BUSH

Showy, lightly-scented flower spikes are a favorite of butterflies! Mid to Late-season bloom. Deciduous. **This plant may still be dormant if shipped before April 15th.**

Humdinger™ Series – Known for its compact habit.

BUXUS

BOXWOOD

This evergreen shrub can be used in the landscape for low hedges. Grows best in moist, well-drained soil and full sun to part shade. Evergreen.

'Green Velvet' O 🛈 💥 🚨 (featured image)

Evergreen boxwood shrub that is broad-mounded and compact. Well suited for dense, low hedges. Foliage retains its green color through winter.

3-4' TALL X 3-4' WIDE | ZONE 4

CARYOPTERIS BLUE MIST SHRUB

Herbaceous shrub-like plants have fragrant foliage and provide a splash of color in fall. Great for attracting butterflies. Mid to Late-season bloom. Deciduous.

x clandonensis 'First Choice' PP11958 O O 🛪 🕌 👗 (featured image) Lilac-blue flowers and dark green foliage. 2 1/2 - 3' TALL X 36" WIDE | ZONE 5

CLETHRA SUMMERSWEET

This deciduous native shrub likes moist, often sandy soils. The white fragrant flowers of Clethra will attract both bees and butterflies.

(featured image)

Produces long strands of densely packed white, fragrant flowers above a compact habit. This heavy bloomer is a pollinator magnet. Einstein grows best in moist, well-drained soil and full sun to partial shade.

3-4' TALL X 3-4' WIDE | ZONE 4 | Royalty included

HYDRANGEA

A rapid-growing upright, deciduous shrub that has oval to ovate dark green leaves. Flower panicles contain both fertile and sterile flowers that bloom from midsummer

paniculata Fire and Ice PP26005 ('Wims Red') O O X (featured image)

3-6' TALL X 3-6' WIDE | ZONE 3 | Royalty included

PHYSOCARPUS NINEBARK

This deciduous Native shrub provides year-round interest. White dense flower cluster in spring that give way to reddish-pink capsules.

opulifolius 'Center Glow' PP16894 O 🗶 (featured image)

New foliage emerges a bright, rosy red color with a golden-yellow center that matures to a deep burgundy. Clusters of white flowers appear midsummer followed by bright red fruit in fall. Deciduous. Thrives in full sun.

6-8' TALL X 6-8' WIDE | ZONE 2 | Royalty included

SAMBUCUS ELDERBERRY

Grows in different conditions, ranging from wet to dry fertile soils. Leaves are pinnate with five to seven leaflets, with a serrated margin. Dark purple to black berries are produced in late autumn in drooping clusters.

nigra Golden Tower PP28957 ('Jandeboer001') O ① (featured image)

The lacy, shimmery golden leaves of Golden Tower resemble the leaves of a Japanese Maple. Its dense columnar habit makes it an ideal focal point for the landscape. Clusters of white flowers appear in spring, followed by clusters of red berries in fall.

10' TALL X 4' WIDE | ZONE 4 | Royalty included

SPIRAEA SPIRAEA

This shrub can be used as an accent, specimen or low hedges in the landscape. Grows best in moist, welldrained soil. Attracts butterflies. Deciduous.

japonica 'Gold Mound' O 🔾 💥 🚨 (featured image)

An excellent mounding shrub with vibrant golden-yellow foliage in the spring that transitions to yellow-green in summer and yellow-orange in cooler fall temps. Clusters of rich pink flowers in the early summer. Partial to full sun.

Order from Availability only - No Advanced Orders.

24-36" TALL X 4' WIDE | ZONE 4

THUJA WESTERN ARBORVITAE

A fast growing evergreen. Thrives in intense heat and humidity. Disease and pest resistant. Drought tolerant. Evergreen.

'Green Giant' ○ ① 🦮 🗶 (featured image)

Soft, dense dark green foliage creates a natural privacy screen. Fast growing evergreen. Tolerant of a variety of soil types, but flourishes in moist, well-drained areas with sun to partial shade. Tolerant of high winds once established and can withstand heavy ice or snow. 40-60' TALL X 12-18' WIDE | ZONE 5

VIBURNUM DOUBLEFILE VIBURNUM

A densely branched shrub that can be used in hedges or as a specimen. Deciduous.

plicatum var. tom. 'Summer Snowflake' 🔾 🛈 🦋 🦮

With a compact habit and red fruit in the fall, Summer Snowflake will have white flower clusters for months. Deer resistant. Attracts pollinators.

4-6' TALL X 4-6' WIDE | ZONE 5

SUCCULENTS

Succulents are wonderful for outdoor containers, mixed planters, and as houseplants. They provide wonderful color and texture. Full sun is generally preferred and plants only need occasional

watering once established. These selections are not winter hardy in this area, but can easily be taken indoors.

Succulents are grown in:

- 2" container 28/flat
- 3.5" container 12/flat
- 4.5" container 10 /flat

3.5" and 4.5" containers are individually labeled with our Custom Picture Label.

2" containers are labeled with a 1"x2" sticker

Succulents will be ready for shipment in mid April.

Orders that require breaking a full flat will be subject to a special handling charge of \$.50 per pot during March, April, and May.

ASSORTED SUCCULENT TRAY - 28 count 🔾 🔾 🚓

We are excited to offer a succulent assortment grown in 2" pots, 28 pots per tray. Each tray includes a variety of colors and textures. Each pot individually labeled. Full flats only.

ZONE 9

AEONIUM 'Kiwi' O 🚓

This tender succulent has pointed, spoon shaped leaves with green, pink, and cream variegation. They will grow as big as the container allows. If able to overwinter they can become shrub-like and grow to 2-3' tall and wide.

6-12" TALL X 6-12" WIDE | ZONE 9

AEONIUM 'Kiwi Verde' 🔘 🕕 🐣

Rosettes consist of spoon shaped leaves in shades of green with a magenta edge. A nice succulent for outdoor containers or as an indoor houseplant. Requires well-drained soil and little water!

6-12" TALL X 6-12" WIDE | ZONE 9

AEONIUM 'Zwartkop' 🔘 🕕 🐣

Large Purple Aeonium

'Zwartkop' forms 3-4' tall, gray-brown stems that hold large terminal rosettes of dark purple, almost black leaves. It has yellow star-shaped flower clusters that contrasts well with the dark foliage. Flowers in the summer

3-4' TALL X 12-24" WIDE | ZONE 9

APTENIA cordifolia 'Variegata' 🔾 🕕 🚓

Variegated Heartleaf Ice Plant

This lovely non-hardy succulent features flesh green leaves that have a cream edge. A nice trailing plant that is perfect for a patio or indoor container. Magenta-rose blooms in summer and into fall. Plants are drought tolerant and easy to grow.

2" TALL X 6" WIDE | ZONE 9

BRYOPHYLLUM daigremontianum 🔾 🕕 🚓

Mother of Thousands

A neat succulent with long, fleshy blue-green leaves that have a slight purple tint underneath. Tiny plantlets are formed at each of the points of the saw-toothed leaves. These plantlets often form roots while they are still attached to the mother plant. Pink flowers may appear on mature plants, often after a year or two. Plants thrive in well-drained soil and full sun to part shade.

24-36" TALL X 12" WIDE | ZONE 9

CRASSULA 'Curly Green' 🔾 🐧 🚓

Has curvy fleshy blue to gray-green leaves with red edges. The upright bonsai-like habit has branches and trunk that become woody with age. Likes sun to part shade and dry soil conditions.

8-36" TALL X 6-32" WIDE | ZONE 9

CRASSULA 'Hobbit' 🔾 🐧 🚓

lade Plant

A small, upright shrubby jade plant with interesting tubular leaves that have vibrant red tips. In late fall and early winter, the pinkish-white star-like flowers appear, though they may not bloom in our climate. Plants grow best with minimal watering.

12-24" TALL X 24" WIDE | ZONE 9

CRASSULA muscosa pseudolycopodiodes 🔾 🛈 🐣

Princess Pine

Dark green textured stalks are reminiscent of undersea coral. They spread nicely and are a great fill-in around other specimen varieties. Works great in containers either solo or mixed. Small, pale yellowish-green flowers. Plant in well-drained soil.

4-12" TALL X 12-24" WIDE | ZONE 8

CRASSULA ovata 🔘 🛈 🚓

lade Plant

This fast growing succulent may grow up to 2' tall. Thick glossy green foliage has hints of red and yellow on the tips of the leaves. Jade plants are considered a symbol of good luck. Not cold tolerant.

12-24" TALL X 12-24" WIDE | ZONE 9

CRASSULA ovata 'Money Maker' 🔾 🕦 📤

Jade Plant

This Jade plant has flat vibrant green leaves on compact self-branching plants that can be shaped like bonsai trees. Allow soil to dry out between waterings. Plant in well-drained soil.

6" TALL X 6" WIDE | ZONE 9

CRASSULA perforata 🔾 🛈 🚓

String of Buttons

Stacked foliage with green and yellow triangular leaves. Plant in a well-drained soil in full sun to light shade. Needs some protection from midday heat in hot locales, but the brighter light brings out the red tones and plants will flower more. Water sparingly.

12-24" TALL X 24-36" WIDE | ZONE 9

CRASSULA perforata 'Variegata' 🔾 🕕 🐣

String of Buttons

Pale green and cream variegated leaves edged in pink, which appear in a unique stacked arrangement on the plants. The pink color intensifies when exposed to more sun. Plant in full sun to light shade and in well-drained soil. Allow to dry out between watering. 9-12" TALL X 12-16" WIDE | ZONE 9

CRASSULA radicans 'Small Red Carpet' 🔘 🔾 🚓

Small Red Carpet Stonecrop

A low growing upright plant with green oval leaves edged in red. The foliage turns bright red in winter if grown in full sun. Drought and heat tolerant once established. Pale yellow to white flowers. Plant in well-drained soil.

4-8" TALL X 4-8" WIDE | ZONE 9

CRASSULA 'Springtime' 🔾 🕕 🐣

Springtime Crassula

Slow growing showy hybrid. Leaves are light grayish-green to dark green, and appear bright green overall. Flowers in dense clusters of pale pink with red centers.

12-18" TALL X 4-8" WIDE | ZONE 9

ECHEVERIA 'Black Prince' 🔾 🔾 🚓

Black Hen and Chicks

This variety produces clumps of short rosettes up to 3" wide with thin, triangular, blackish leaves that darken with age. In late fall to early winter, dark red flowers appear on short stalks. Plant in full sun in a well-drained soil. A very hardy and drought tolerant succulent which makes it a fine addition to any succulent garden container.

12" TALL X 6-10" WIDE | ZONE 9

ECHEVERIA elegans 🔾 🕦 🐣

Mexican Snowball

A lovely succulent with tight, uniform rosettes of pale, blue-green, fleshy leaves. Up to 10" long slender pink stalks sport pink flowers with yellow tips in winter and spring in its own climate. Water only when needed.

8" TALL X 12" WIDE | ZONE 9

ECHEVERIA lilacina 🔾 🚓

Ghost Echeveria

A nice succulent with silvery-gray, spoon-shaped, fleshy leaves that are arranged in a symmetrical rosette that reaches 5-10" in diameter. Pink to coral-colored flower racemes emerge on short, arching, reddish stems that reach about 6" tall. The flowering period extends from late winter to early spring in its native climate. Slow growing plants are drought tolerant and grow best in full sun out good drainage.

8" TALL X 10" WIDE | ZONE 9

ECHEVERIA 'Perle Von Nurnberg' 🔘 🕕 🚓

A beautiful, rosette-forming succulent that has pale grayish-brown leaves with pink highlights and a white powdery dusting. Plants can reach 5-6" in diameter and have coral-pink flowers with a yellow interior in the summer on 1' long reddish-stems. More tolerant of regular watering.

8-10" TALL X 6-10" WIDE | ZONE 9

ECHEVERIA prolifica 🔾 🕕 🐣

Prolific Echeveria

Is an evergreen spreading succulent that has small rosettes of silverygreen leaves with pink tips. Grows easy in well-drained soils and sun/ part shade. Drought and heat tolerant. 6" TALL X 12" WIDE | ZONE 9

ECHEVERIA pulidonis 🔾 🔾 🐣

Pulido's Echeveria

A slow growing succulent with bluish-green leaves accented by red edges. The flowers feature long reddish stems that hang down with rows of bright yellow flowers. Rosettes can get as large as 4-5" in diameter.

6-8" TALL X 6" WIDE | ZONE 9

ECHEVERIA runyonii 🔾 🕕 🚓

Rosettes of Topsy Turvy have pale silver-blue leaves that are strong, inversely curled, and point straight up forming an interesting habit. Plants grow quickly and produce large numbers of offsets that form large mounds of many large individual rosettes. Bright orange and yellow flowers rise above the foliage in late summer on tall arching stems. A must have for any garden enthusiast. Low water needs. 6" TALL X 6-10" WIDE | ZONE 9

ECHEVERIA shaviana 🔾 🛈 🚓

Mexican Hen and Chicks

Tight clusters of blue-gray leaves on this succulent can change colors from mauve, to silvery blue, to silver green depending on light intensity. The foliage develops ruffled edges as it matures. Pink flowers with yellow centers are borne on stems above the foliage in late summer. Requires minimal watering.

3-4" TALL X 8-12" WIDE | ZONE 9

FAUCARIA tuberculosa 🔾 🛈 🚓

Pebbled Tiger Jaws

This clump-forming succulent has dark green, triangular shaped leaves with white, rough tubercles that look like teeth. Produces a large, daisy-like, yellow flower that blooms midsummer.

6" TALL X 6" WIDE | ZONE 9

GASTERIA 'Little Warty' 🔾 🐧 🚓

A small, slow growing succulent with bright green leaves that have pale silvery-green stripes with lots of tubercles (warts) on the upper and lower sides. Will turn to dark green in full sun.

3-5" TALL X 3-5" WIDE | ZONE 9

GRAPTOPETALUM paraguayense 🔾 🔾 🚓

Ghost Plant

A lovely succulent with mounding rosettes of pale gray leaves that have a pinkish cast. When grown in its native environment, small white flowers with red spots bloom in spring on multi-branched stems. Low water needs make this another winner for the succulent lover!
4-12" TALL X 6" WIDE | ZONE 9

HAWORTHIA coarctata 🔾 🕕 🐣

This slow growing, clumping succulent has long stems with robust leaves. Leaves are normally dark green but sometimes have a purple-red color when in sunlight. Greenish-white tubular flowers are produced midsummer.

. 8" TALL X 2" WIDE | ZONE 9

HAWORTHIA fasciata 🔾 🚓

Zebra Plant

Long, pointed green foliage is striped with white wart-like structures which resemble zebra stripes. A low-maintenance plant that you can get by with watering once a month! Plant in well-drained soil.

2-6" TALL X 7-8" WIDE | ZONE 9

HAWORTHIA pentagona 🔾 🛈 🚓

Spiky green leaves grow in an upright rosette pattern. Plants grow best in bright light and require good drainage. Good growth rate and are great for use indoors.

6-8" TALL X 6-8" WIDE | ZONE 9

HAWORTHIA retusa 🔾 🛈 🙈

Star Cactus

This selection forms star-shaped rosettes of fleshy lime-green leaves. Produces offsets around the mother plant. In late spring or early summer, a tall flower spike appears and produces small, white tubular flowers.

3" TALL X 6" WIDE | ZONE 9

KALANCHOE thyrsiflora 🔾 🕕 🚓

Paddle Plant

Flat, grayish-green paddle-like foliage has red margins and forms a basal rosette that resembles a clamshell. Plants flower in their native habitat from fall to spring, and form densely clustered terminal flower panicles that sport greenish waxy flowers with yellow lobes.

10-15" TALL X 8-15" WIDE | ZONE 9

LAMPRANTHUS deltoides 🔘 🛈 🚓

Pink Ice Plant

This variety is sure to stand out with its uniquely shaped leaves. Small pink flowers with a yellow eye. The leaves have a distinctive triangular shape. Adaptable to most soil conditions.

6-12" TALL X 12-24" WIDE | ZONE 9

PACHYPHYTUM bracteosum 🔾 🕕 🚓

Sugar Almond

An upright succulent with open rosettes of plump silver-gray leaves that form cute mounds. When grown in their native climate, lots of vivid orange-red flowers bloom in late winter and early spring. A favorite for mixed planters.

8" TALL X 12" WIDE | ZONE 9

SEDEVERIA 'Jet Beads' O

Jet Beads Stonecrop

This succulent is a distinctive hybrid of Sedum and Echeveria having small pointed leaves that are bronze, green and black. In cooler temperatures, the leaves become much darker, almost black! Easy to grow plants should be allowed to dry out between waterings.

4-8" TALL X 6-8" WIDE | ZONE 9

SEDUM adolphii 'Carnicolor' 🔾 🐣

Trailing Stonecrop

Nicely mounded plants have gray leaves that have a pink cast. Excellent heat tolerance. Nice in containers. Drought tolerant once established. White flowers.

6-12" TALL X 6" WIDE | ZONE 9

SEDUM nussbaumerianum 🔾 🛈 🚓

Coppertone Stonecrop

Pointed, speared rosettes of mounding foliage have a magnificent, copper-colored foliage when grown in full sun. The stems grow tall, and then begin to trail making them a good specimen for hanging baskets, walls, rock gardens, or containers. In warmer climates, white, star-shaped, fragrant flowers will bloom in late winter to early spring.

8" TALL X 24-36" WIDE | ZONE 9

SEDUM rubrotictum 🔾 🚓

Jelly Bean Plant/Pork and Beans

Bead-like leaves that take on a reddish hue in full sun. A real charmer with bright yellow flowers in spring. A tender ornamental plant for use in rock gardens, containers, or in wall niches. Drought tolerant.

8" TALL X 12" WIDE | ZONE 9

SENECIO crassissimus 🔾 🐣

Vertical Leaf Senecio

An erect evergreen subshrub with thick purple stems that have oblong, flat blue-gray leaves. Established plants are very drought tolerant. Water occasionally until established. A nice choice as a vertical element in mixed containers. Prefers full sun and well-drained to dry soil conditions. Yellow flowers.

24-36" TALL X 12-24" WIDE | ZONE 9

SENECIO peregrinus 🔾 🛈 📤

String of Dolphins

Has tiny little leaves that look like dolphins jumping out of the waves. With its beautiful draping leaves it is perfect for a hanging basket. Like all succulents, it is tolerant to periods of dryness.

6" TALL X 24" WIDE | ZONE 9

SENECIO radicans 🔘 🛈 🐣

String of Bananas

This fast growing, trailing succulent has long stems that are lined with banana-shaped leaves. Tiny white flowers that smell like cinnamon bloom between October and December.

12" TALL X 36" WIDE | ZONE 9

SENECIO rowleyanus 🔾 🛈 🚓

String of Pearls

As its common name, String of Pearls, suggests this trailing succulent vine has round, pea-shaped leaves! This succulent makes an interesting addition to tall patio planters or hanging baskets, as the cascading stems can reach up to 3' long. Trumpet shaped white flowers bloom in the summer. Drought and heat tolerant.

3" TALL X 24-36" WIDE | ZONE 9

VINES

Vines are useful for adding a beautiful element of vertical interest in both small and large gardens. They come in a wide variety of flower shapes, colors, and some offer wonderful fragrance to the garden. Vines are ideal as a screen to cover fences or as a focal point for growing on an arbor, pergola, or other structure.

Most grow best in moist well-drained soil.

Vines are available in:

- IMPACT container 7 1/2" diameter pots (True 1.0 Gallon)
- Each pot includes a custom picture label.
- Orders with less than 5 IMPACT containers per variety are subject to a special handling charge of \$.50 per pot during March, April, and May.

Please order by number of pots,
MINIMUM ORDER OF 5 PER VARIETY

AKEBIA - CHOCOLATE VINE

Early season bloom. Shipped with an 18" pressure-treated wood trellis.

quinata 🔾 🛈 🦮 🚠

Small chocolate-purple flowers start to bloom in spring on this twining, deciduous vine with green palmate leaves. Flowers are monoecious. Aggressive grower, may be invasive where it is allowed to spread or reseed itself. Prune as needed after flowering, or cut-back to the ground to rejuvenate.

20-40' TALL X 5-10' WIDE | ZONE 4

CAMPSIS - TRUMPET VINE

An extremely vigorous vine that is great for attracting hummingbirds. Best on fences or as a screen. Mid to Late-season bloom. Shipped with an 18" pressure-treated wood trellis.

x tagliabuana 'Madame Galen' 🔾 🤻 🧗 🚨

A great floriferous selection with large salmon-orange flowers atop dark green foliage.

15-25' TALL X 5-10' WIDE | ZONE 5

radicans 'Flava' 🔾 🤻 😾 💆 🚨

Yellow tubular flowers bloom in summer on the new years growth. An aggressive grower, that can grow up to 30'. 25-30' TALL X 5-10' WIDE | ZONE 5

CLEMATIS - CLEMATIS

A favorite flowering vine that can be trained to climb trellises, walls, posts, fences, or rocky sites. Plants prefer cool, moist but well-drained, slightly alkaline sites. Pruning suggestions listed by variety. Vines shipped on an 18" pressure-treated wood trellis.

Group 1: Prune only, but immediately after flowering by removing any weak or dead stems. These varieties flower on the previous season's growth.

Group 2: Prune lightly above new swollen leaf buds in early spring and also remove any dead or weak stems. Early flowers bloom on the previous season's growth while late summer flowers appear on new growth.

Group 3: Prune hard down to about 12-18" in early spring and also remove any dead or weak stems. These varieties bloom on the new growth.

'Arabella' PPAF O 🛈 💥 💥

3-5" lavender-blue flowers bloom over a long period from Mid to Late-season. This is a non-climbing variety that is perfect for cascading over a wall or container.

6-8" deep rose, ruffled flowers with a carmine bar. Blooms in Early-season, often reblooming in fall.

6-10' TALL X 3-6' WIDE | ZONE 3 | GROUP 2

'Ernest Markham' ○ ◑ 😿 🦮 💥

Large, 5-8" bright magenta-red flowers in Mid to Late-season. 8-12' TALL X 4-8' WIDE | ZONE 3 | GROUP 3

'Fairy Dust' PPAF 🔾 🛈 🦮 💥

This Spring Valley introduction features 4" light lavender flowers with a dark center. It is a prolific bloomer that will tolerate some shade. Blooms in Mid to Late-season.

12' TALL X 4-8' WIDE | ZONE 3 | Royalty \$.30 | GROUP 3

'Gillian Blades' 🔘 🛈 🦮 💥

This showy selection sports large 6-8" white flowers with frilled edges and cream stamens. Blooms Early to Mid-season.

6-8' TALL X 2-5' WIDE | ZONE 4 | GROUP 3

'H. F. Young' 🔾 🕦 💥 💢

This variety produces lavender-blue flowers that are up to 8" across. Blooms appear in early summer and then reappear after the heat of summer. Prune down to swollen buds in early spring as early flowers bloom on the previous season's growth and late summer flowers appear on new growth. Clematis grows best when the shoots receive full sun and the roots remain shaded and cool.

6-8' TALL X 12-18" WIDE | ZONE 4 | GROUP 2

'Henryi' ○ ① 🗑 🦮 💢

Large white flowers with violet anthers form on previous year's growth. Flowers emerge in early spring and again in early summer. Great for containers.

8-10' TALL X 3-6' WIDE | ZONE 4 | GROUP 2

x 'Jackmanii' 🔾 🛈 🦮 💥

One of the most popular cultivars with large deep purple flowers in Mid-season. Strong grower.

10-15' TALL X 4-8' WIDE | ZONE 3 | GROUP 3

'Multi-Blue' 🔾 🛈 🦮 💥

A unique Clematis with 5" deep blue, fully double flowers in Midseason.

5-10' TALL X 4-8' WIDE | ZONE 3 | GROUP 3

My Angel® PPAF ('Engelina') O 🛈 💥 💥

This vigorous vine has lovely blue-green foliage with some purple stems that yield many clusters of small flowers throughout the end of summer. Flowers are yellow on the inside and orange on the outside.

8-10' TALL X 3-6' WIDE | ZONE 3 | Royalty \$.75 | GROUP 3

'Niobe' ○ ① 😿 🦮 💢

Dark, velvet-red, 5-8" single flowers in Mid-season.

8' TALL X 2-5' WIDE | ZONE 3 | GROUP 3

'Pink Champagne' O 🛈 🦮 💥

6" purplish-pink flowers with dark margins. A great free-flowering Japanese selection blooming in Mid-season with rebloom in Lateseason.

6-8' TALL X 2-5' WIDE | ZONE 3 | GROUP 2

'Sprinkles' PP14787 O 🛈 💥 💥

Strong grower with 4-6" reddish-pink flowers that have a speckled stripe in each petal. Flowers from Mid to Late-season.

10-12' TALL X 5-10' WIDE | ZONE 3 | Royalty \$.50 | GROUP 3

tangutica 'Helios' 🔾 🕦 🦮 💢

Small yellow flowers bloom from June-October, followed by attractive seed pods that can be used in dried flower arrangements. Great for borders, climbing, or screening. Drought tolerant. Prune plants back to previous year's growth.

6-8' TALL X 3-6' WIDE | ZONE 4 | GROUP 3

terniflora (paniculata) (Sweet Autumn Clematis) O O M M M M Small fragrant creamy white flowers in Mid to Late-season. Very floriferous.

10-20' TALL X 9-11' WIDE | ZONE 3 | GROUP 3

'Tie Dye' PP18913 🔾 🛈 🦮 💥

This Spring Valley introduction features 4-6" purple flowers with white marbling throughout. Order early as this is a best seller! Blooms in Mid-season.

10' TALL X 5-10' WIDE | ZONE 3 | Royalty \$.50 | GROUP 3

'Tracy Lee' 🔾 🛈 💥 💥

4-6" single and semi double white flowers are tinged with pink and have brown stamens with purple tips.

6-8' TALL X 3-6' WIDE | ZONE 3 | GROUP 2

viticella 'Polish Spirit' O 🕦 🦮 💥

Rich, 2-5", bluish-purple blooms with purple stamens appear Midseason. Very prolific bloomer.

10-12' TALL X 5-10' WIDE | ZONE 3 | GROUP 3

LATHYRUS - SWEET PEA VINE

An easy to grow vine for full sun sites with average soil moisture. Blooms in Mid-season for several weeks. Shipped on an 18" pressure-treated wood trellis.

latifolius O O X

Grown from seed, this lovely vine features traditional pea-like flowers in shades of pink, white, and red. The flowers are excellent for fresh or dried arrangements. Plants are drought tolerant once established.

4-5' TALL X 24" WIDE | ZONE 5

LONICERA - HONEYSUCKLE

A popular, easy to grow climbing vine with tubular flowers. A favorite of hummingbirds. Perfect for trellis or arbors. Bloom time varies. Shipped on an 18" pressure-treated wood trellis.

x brownii 'Dropmore Scarlet' 🔾 🤘 🦌 👗

A vigorous semi-evergreen vine. Blue-green foliage gives way to tubular orange-red flowers in late summer to early fall. Great for privacy fences or along borders. Prefers well drained soil. 10-12' TALL X 2-5' WIDE | ZONE 4

x japonica 'Mandarin' PP11083 🔘 🤘 🦋 🕌 👗

Bright orange flowers with yellow centers bloom from late spring through early summer. Leaves emerge bronze in spring and mature to a glossy deep green. Great for covering large areas.

20' TALL X 5-10' WIDE | ZONE 5 | Royalty \$.30

15-18' TALL X 5-10' WIDE | ZONE 5

sempervirens 'John Clayton' 🔘 🤻 🦌 👗

Mildly fragrant pale yellow flowers bloom from June through November. This compact selection makes it a great choice for small areas.

6-10' TALL X 3-5' WIDE | ZONE 5

s. 'Major Wheeler' 🔾 🤻 🦋 👗

A selection of our native L. sempervirens. Unlike other honeysuckle, this cultivar blooms heavily in spring, and continues through the summer. Orange-red blooms.

4-8' TALL X 3-5' WIDE | ZONE 5

POLYGONUM - SILVER LACE VINE

An aggressive twining vine. Mid to Late-season bloom.

aubertii 🔾 🍒

Tiny white flowers. Great on fences. Shipped on an 18" pressure-treated wood trellis.

25-30' TALL X 15-25' WIDE | ZONE 4

PRO #2 PERENNIALS

ORDERING INFORMATION

All orders are processed in the order in which they are received.
 Order early for best selection!

- Orders should be received by 8 am. 2 days prior to requested ship date. See page 204 for details!
- All orders are subject to availability, which is always changing. Order early for best selection!
- A Tentative Shipping List, or Order Acknowledgement, will be sent to you via Email or Fax to confirm your order.
- All invoices will be emailed, unless we receive a special request for fax or postal mail.

Place your order via:

EMAIL: sales@millcreekplants.com PHONE: 800-948-1234, option 1 FAX: 877-964-6446 MAIL: 15088 Smart-C

15088 Smart-Cole Rd Ostrander, OH 43061

Printed Order Forms are Available Upon Request

HOW TO ORDER

1) MILLCREEK AVAILABILITY LIST – The EASIEST way to order March-October!

You may order plants for pickup or delivery in the Current Week using our weekly Availability List:

- The Availability List opens as a Microsoft Excel Document that is available by download via a link contained in our Weekly Availability Email.
- Available quantities of 'retail ready' plants are listed with pot size, price, and plant status comments.
- Complete the shipping information section and quantities of plants desired for each item from your computer or other device. The document will track quantity ordered and calculate the plant cost for your order. Save the document and Email back to us at sales@millcreekplants.com. It's that easy!
- Use the built-in functionality! You can **filter** the columns of our Availability List by pot size, price, quantity available, or plant status comments (bud, bloom, etc.) to help you find exactly what you need.
- The Availability List is sent every Thursday from early March through fall. It can be sent Weekly or Monthly, by Email or Fax. Contact us to subscribe. Order early for best selection!
- The Availability List may also be viewed online anytime at www.millcreekplants.com.

An alternate method would be to print the Availability List from the Email version or Online, and fill out manually and submit your order by Email or Fax.

Please note that the Availability List is always changing. **Be sure you are using the most up-to-date version when submitting your order by clicking on the link just prior to placing your order!**

2) PRE-BOOK ORDERS

- · You may order plants from our 2021 Catalog for pickup or delivery for a future date.
- Contact us and we will Email you a 2021 Order Form. Just like our Availability List, it is a Microsoft Excel
 Document that is available by download via a link. Please complete the shipping information section and
 quantities of plants desired for each item from your computer or other device. The document will track
 quantity ordered and calculate the plant cost for your order. Save the document and Email back to us at
 sales@millcreekplants.com. It's that easy!
- An alternate method would be to print the Order Form and submit your order by Email, Fax, or U.S. Mail.
- Multiple ship dates are accepted. Please use a separate Order Form for each ship date.
- We will enter your order and check against future crop availability.
- We will reserve available plants and an Order Acknowledgement will be sent to you.

Many Garden Center customers place a "Pre-Book Spring Order" with us to book their initial Spring Order for a specific ship date. They will then order from the Availability List thereafter for fresh weekly shipments. We recommend this strategy as it assures the best availability and order fulfillment throughout the year. Pre-Book Spring Orders must be placed by February 26, 2021.

- Be sure to check the updated weekly Availability List prior to your scheduled shipment to see if there are any additions you would like to make to your Pre-Book order.
- Pre-Book Spring Orders will be shipped in their entirety (subject to availability) on the date(s) you specify. Items not shipped on the specified date will be backordered and shipped when available.
- Backordered items, if available, must be shipped by April 24, 2021. Order minimums will apply.
- Orders placed after February 26 for a later Spring Delivery will be shipped in their entirety on the specified ship date, subject to availability. Items not shipped on the specified date will NOT be backordered, and should be re-ordered by the customer, when available, using the weekly Availability List.

SHIPPING INFORMATION

CUSTOMER PICKUP

- Please call us at least 2 days in advance to arrange a pickup time so your order can be picked and ready for you. If you are unable to make your scheduled time, please call us as soon as possible.
- · We request that your order is picked up by 4pm.
- Orders for pickup must be scheduled ahead in March, April, and May.
 - o Unscheduled walk-in customers may experience an extended wait during the busy Spring Season. Thanks for your patience.

DELIVERY

- We offer a convenient Delivery Service on our trucks within a 250-mile radius of Columbus, Ohio.
- If beyond a 250-mile radius, please contact us to determine if delivery is available to your area.
- We deliver using 26' straight box trucks that have lift gates. A loading dock is helpful, but not required.
- Customers are requested to have sufficient personnel available to expedite unloading at the time of delivery.

WE DO NOT SHIP UPS OR FEDEX.

PRICING

Prices are listed only on our Availability List or Order Form. Prices listed are the "per pot price" for full flats of a single variety or 5 pots or more per variety of certain larger sizes sold individually. Royalties are included in the sales price.

- Orders to be delivered that include partial flats or mixed flats are subject to a special handling charge of \$.50 per pot during March, April, and May.
- Orders to be delivered with less than 5 pots of each variety that are purchased in the following container sizes are subject to a special handling charge of \$.50 per pot during March, April, and May:
 PRO #1, IMPACT
- The following sizes do not have a required minimum order quantity per variety:
 - PRO#2, 2 Gallon, PRO #3, 3 Gallon

DISCOUNTS

We offer the following volume discounts, per shipment:

• Orders over \$1,500 - 2% discount • Orders over \$3,000 - 4% discount

Discounts apply to plant material and products only, and do not apply to any additional Services. Orders from customers with overdue balances are not eligible for discounts.

LABELING

- Most of our plants are labeled with a Millcreek Custom Picture Tag. Our Tags have a full color picture, Latin and common names, plant description, and a unique bar code for simplified scanning at checkout.
- Some NEW plants may be labeled with a descriptive stick tag if our Custom Picture Tag is not available.
- Some plants may be labeled with a different tag due to royalty requirements.

TERMS OF SALE (The Fine Print)

- This catalog cancels all previous price lists.
- All orders are accepted subject to plant availability, which is always changing.
- Customers who wish to purchase plants at wholesale prices from Millcreek Gardens LLC must provide a valid Nursery Dealer Certificate or Nursery Inspection Certificate, and a Vendor's License.
- All sales are taxable unless we have a signed State Exemption Certificate form on file.
- · All sales are on a "cash on delivery" (COD) basis unless a credit account has been established.
 - To apply for a credit account, please fill out our Application for Credit form and return it to us at least 2 weeks before the date of shipment for approval.
- For customers with a credit account, our terms are NET 30 days from the invoice date.
- We accept cash, check, American Express, Discover, MasterCard and VISA.
- Prices are FOB our nursery in Ostrander, Ohio, and are subject to change without prior notice.
- Customer accounts with checks returned for non-sufficient funds will be assessed a \$35.00 fee.
- The customer acknowledges acceptance of these terms of sale when the customer places an order or applies for a credit account.

In the event an account remains unpaid 30 days after the invoice date, the customer shall pay a service charge of 2% per month, and reasonable attorney fees and collection costs relating to enforcing our rights under these terms of sale.

Credit Accounts that remain unpaid 60 days after the invoice date will automatically become COD accounts, and a new Application for Credit may be required to verify credit status.

The customer agrees that these terms of sale and any order placed by the customer are governed by Ohio law, and the customer further agrees that Union County, Ohio has jurisdiction over any and all disputes that may arise hereunder.

LOVE OUR PRODUCT, OR SEND IT BACK!

- We guarantee any plant we sell to be in healthy growing condition and true to name when it leaves our nursery.
- We cannot give credit for losses of stock by causes over which we have no control.
- · We will gladly correct any errors made by us.
- We cannot be liable for any amount greater than the purchase price.

All claims for any cause must be made within 5 days of delivery of stock. To expedite your claim, please include photos that support your claim when possible.

RESTOCKING FEE

A 20% Restocking Fee will be charged to the customer account for cancellation of a plant order after the order has been processed (order picked, cleaned, labeled, loaded, etc.) and/or not picked up within 5 business days from the requested ship date.

For Restocked Orders that have been PRE-PRICED with Millcreek Gardens Custom Pre-Pricing stickers, a charge of *2 times* the Pre-Pricing Service Fee will be assessed *in addition* to the 20% Restocking Fee.

CUSTOM GROWING

We offer a Custom Growing Service to meet your specific needs for finished plant material. More information can be found on page 13.

Contact us at 800-948-1234, option 1, or sales@millcreekplants.com for details.
