### 2026 Custom Pre-Pricing Service

Millcreek Gardens LLC offers a Custom Pre-Pricing Service for our retail garden center customers. This service saves you time, and adds value, by enabling you to place pre-priced plant material directly onto your sales benches from our delivery truck. This will free your employees of the hassle of having to price the plants and enables them to tend to other tasks. With this service, we will design, print, and apply adhesive stickers to the containers on your order before shipment for a nominal charge.

These stickers are custom designed for you and include various fields of information that you choose. You may select various fields to print on the stickers, such as your Logo, Business Name, Retail Price, UPC, SKU, Picture, etc. The fields available vary depending on the size of the sticker you select.

We have two sizes of stickers available:

- 2 x 2" sticker available in black and white
- 3 x 4" sticker available in color

If you are interested in this service, please contact us to obtain the Custom Pre-Pricing Enrollment Form(s). We also offer a service to print stickers only. If you enroll in this service, we will print adhesive labels for your order and ship them with your plant material. The stickers can then be applied to the container by your staff.

***If you have a POS system and scan bar-codes at check out, please consider that our perennials and herbs have plastic Millcreek Custom Picture Tags that already contain a unique barcode.*** We can provide you with an Excel spreadsheet with plant names and UPC information so you may easily update your POS scanning system.

#### Pre-Pricing Service Requirements

- 1. There is a one-time \$75 label design and setup fee per Customer account.**
2. Pre-Pricing Service Enrollment Form must be completed each year.

- When providing the Pre-Pricing Service, we will do our utmost to assure that the proper labels will be on the plants. However, we cannot be liable for any amount greater than the Pre-Pricing Service charge on that invoice if the incorrect labels are applied.
